At Wilson Park

Dedication Planned Sept. 25 For 'Sieveking Gardens'

Granite City park district commissioners announced plans this week to rename the central garden area of Wilson Park in honor of the late Ernst Sieveking, who was long-time superintendent of Granite City parks. The area will be known as Sieveking Gardens.

A public dedication ceremony and plaque unveiling will take place at 2:30 p.m. Sunday, Sept. 25, near the center of the flower gardens, the location for many of Mr. Sieveking's park beautifications programs.

The late park official was responsible for creating and building the park rock gardens and has long been recognized as the individual most instrumental for the enduring attractiveness of the garden area.

At one period, he had built a rock castle on an island, illuminated with colored lights from its turrets, and an adjacent water wheel display. A portion of the castle still forms part of the present rock gardens.

Each year, Mr. Sieveking had developed new designs for the park flower beds, many of which he planted to resemble brightly-colored butterflies, animals and seasonal tributes. He also had designed the lily pond, goldfish pool and fountain displays, together with a lavish rose garden area.

At the dedication, Appellate Judge George Moran will give a brief address, with Milton

Worthen, park board vice-president, welcoming the guests. Invitations to attend the ceremony have been mailed this week to Mr. Sieveking's children, Mrs. Ted Auderheide, Granite City, Mrs. Ann Meyer and Mrs. R. J. Wilson, both of Long Beach, Calif., Paul Sieveking of Clayton, Mo., and Arthur Sieveking of St. Louis.

The bronze name plaque will be unveiled by Paul Schuler, park board president. Barry Loman will serve as master-of-ceremonies.

Rev. Arvin Twietmeyer, pastor of Concordia Lutheran Church, has been asked to give the invocation. The late park official was honored in 1954 by the Concordia church congregation as an active 50-year church member.

The same year, an open house celebration at the church had marked his 50th birthday.

Mr. Sieveking, who was born in Germany, lived in Granite City from 1908 until his death on Nov. 14, 1962, at the age of 96.

For several years after he began working for the park district in 1921, he was the only employee. He remained as the active park superintendent until 1956 and after that was retained in an advisory capacity as superintendent emeritus.

The results of his dedication and diligent work has continued to delight each successive generation of park users, one board member said.

Baha'i Meeting Sunday At SIU-SW Library

Members of the Baha'i faith in more than 500 American communities will sponsor and observe World Peace Day in recognition of America's spiritual destiny to raise the standard of peace in the world Sunday, and in connection with this, a public meeting sponsored by the Baha'i's of the county will be held in the auditorium of the Lovejoy library at Southern Illinois University-Southwestern Campus at 8 p.m.

The speakers will be Dr. Merrill Harmin of SIU and William Maslowski, a Springfield architect. They will discuss "World Peace—The Imperative Challenge."

Dr. Harmin has long been interested in international affairs and related world problems. He is presently working with the Delinquent Study and Youth Development project and doing research in sociology and education.

Maslowski, a partner in the architectural firm of Lauchner, Maslowski and Associates, is president of the board of directors of Boys' Farm, a member of Southern Illinois State Goals committee and president of the Kiwanis Club of South Springfield.

Atty. Morris Chapman, who has offices here, is acting chairman of the Baha'i group in Edwardsville.

Downstate AA Groups To Meet at Belleville

More than 1000 delegates and visitors are expected to attend the Illinois Downstate Fall Conference of Alcoholics Anonymous Oct. 21-22, at Augustine's Restaurant, Belleville. Ross Randolph, director of the Illinois department of public safety, a non-member, will be the featured speaker.

Convention hosts will be Area Nine, representing AA members in Madison, St. Clair, Clinton, Monroe, Bond, Randolph and Jersey counties. Representatives of the 558 AA groups in downstate Illinois are expected to participate, together with observers from Kansas, Missouri, Indiana and Kentucky.

Laws Clarified on Per Diem Pay For Supervisors

Holdover members of the Madison county board of supervisors are ineligible to receive a per diem increase of \$5 per day granted to members who were elected in April 1965, State Atty. Joseph R. Bartylak advised at a board meeting Tuesday morning in the courthouse at Edwardsville.

In ruling on a similar matter dealing with compensation of board members, he said double per diem payments cannot be made for attendance at day and night committee meetings held on the same day.

Per diem was raised before the last township election from \$15 to \$20 per day, and the eligibility of holdover board members to receive the pay increase has been at dispute since. About half of the 48-member board received the increase.

Bartylak cited the state constitution which reads that "compensation of municipal officers who are elected or appointed shall be increased or diminished during such term."

He also said he conferred with the office of the state's attorney general's office on the questions. However, he said, mileage is not considered as compensation, but as an expense allowance, and members attending day and night committee sessions in the same day will be eligible for mileage for both trips.

County Auditor John Kravayak, who has been allowing double per diem for attendance at two meetings, reported that some adjustments will have to be made. He added that a few members will be receiving back traveling expenses for two meetings.

Kravayak commented that it was his personal feeling that members should be compensated for extra work, the same as any other employees, and Bartylak agreed, adding, however, that it's the law and we'll have to live with it."

County Operates

to the state. These have been returned, he said.

Purchasing procedures and methods should be improved so there is assurance that merchandise purchased is actually received, he said.

He also called for speeding up of settlement dates of overall tax collections so that taxing bodies in the county would have their money earlier and in many instances avoid the cost of tax anticipation warrants.

Before Scheffel's report, the county board adopted a resolution to see that recommendations made in the audit, including those for fee offices, are carried out as far as feasible and practical.

To Enforce Action

In the resolution, the county officers committee headed by Milton Allen of Granite City, who offered the motion, will have authority to enforce action by the various offices and departments.

Joseph Watsker, Alton assistant supervisor, offered a resolution calling for a committee of eight citizens to review the audit and make recommendations on controversial items and make a report at the next meeting. The motion received only two votes on a roll call.

Leslie Pohn of Wood River, finance committee chairman, said the audit "uncovered some things but nothing detrimental to anybody. I think our men are qualified to take care of county business—if they are not, they should be defeated at the next election."

Robert Miller, Alton assistant supervisor, retorted: "Why pass the buck to a citizens committee?"

Carl Buehler, Granite City assistant supervisor, suggested that a change of auditing firms might present a variance of opinions to be considered by the board.

Change Fiscal Year

Acting on one recommendation in the audit, the county board changed its fiscal year from a Jan. 1 beginning date to a Dec. 1 starting date to coincide with the fiscal years of county fee offices.

As a result, the next county budget and appropriations will be for an 11-month period, from Jan. 1 to Nov. 30.

Joseph Bartylak, state's attorney, commented that Allen's resolution "is an excellent one" and "I don't feel that recommendations previously made by the auditors have been completely disregarded. Whatever the auditors have recommended about my office will be complied with."

County Auditor John Kravsky took Scheffel to task on an indication that there was no proper inventory and cost account kept on the county's physical assets after a question was raised by a supervisor.

"Shakedown" Made

"It can account for every penny in every office in this building," he told the board, adding that there is a complete inventory of all properties and annual unannounced "shakedowns" are made. He said that outside appraisers set values on the assets for insurance purposes.

After Buehler questioned comments on methods used in records keeping and the investment of funds in the office of the circuit clerk, Willard Portell, who holds the office, said he has been making improvements in procedure since he first took the office and that recommendations have come from the county officers committee as well as the outside auditors.

He also said that he is the first official in the county to invest funds to obtain interest, even though his authority to do so is questionable. "But show me any taxpayer who would question obtaining interest on these funds."

Funds Not Idle

Portell said that the money he invests does not constitute "idle" funds, that some are invested for short periods, accounting for low interest rates in comparison to a four per cent interest rate he receives at some banks. He encouraged further comment on investment of funds in his office to prevent a possible halt to the practice.

Berry Harris, Alton assistant supervisor, then quietly quipped: "I guess that takes care of the one per cent banks."

The audit was formally approved by the board with a copy to be forwarded to the state auditor of public accounts.

Routine Action

In other routine action the board: Awarded a contract to print county school directories to the Advertiser Press Co. of Collinsville on a low bid of \$639.

Increased the salary of one juvenile probation officer by \$230 a year to set it at \$600 per month and of one youth counselor by \$198 a year to \$389 per month, effective Jan. 1. The state has provided up to \$3600 for salary increases.

Approved township road and bridge levies and rates, including Venice township, 8.1 cents and \$22.191; Nancekuk township, 28.96 cents and \$30.055; and Chouteau township, 17 cents and \$40.600.

GCHS Grid Coach Tells Rotarians Of Tough Game

A hard-bruising football game against a school seeking to add to its ten-game winning streak was the prediction offered by Warrior head coach, James Morrison, in describing prospects for tomorrow night's eight o'clock contest here with the Commanches of Cahokia high school.

Morrison gave his game program Tuesday when he spoke to Granite City Rotarians at their weekly luncheon meeting in the YMCA. He was accompanied by Lawrence McCauley, GCIS principal. Both guests were introduced by Dean Maberry, program chairman.

"By seeking a game with a Southwestern Conference team, the Commanches have issued us a challenge that Granite City has accepted," Morrison told the men's service club. Other than two clashes about 16 years ago, the Midwestern Conference champions have not played a Southwestern team, the football coach said.

The Commanches were last defeated 14-0 by Assumption of East St. Louis on Nov. 12, 1964, and were tied last season by a strong Centralia team, Morrison reported. He announced the starting line-up for tomorrow night's game and summarized the current status of several local athletes he has coached who are now playing college ball.

Starting his fourth season as Warrior coach, Morrison also told the Rotarians that the present high school athlete is a caliber youth who usually achieves academic excellence. Generally, a high school varsity football player will rank in the top ten percent of his graduating class, the coach said.

About 45 members and guests were present for the program and business meeting, presided over by Arthur Koepfer, first vice-president.

Judge Orders Speedup In Preliminary Hearings

An administrative order to expedite preliminary hearings in felony cases in Madison county is being drawn this week by Circuit Judge James O. Monroe, in charge of the criminal division of circuit court. The announcement followed a meeting of law enforcement officers, magistrates, prosecuting attorneys, public defenders and clerks Monday afternoon at Edwardsville. The meeting was called at the request of Sheriff Barney Fraundorfer, who complained that many defendants are kept in the county jail for long periods of time before preliminary hearings, and by Joseph Bartylak, state's attorney.

Bartylak told the judge that in some cases, a preliminary hearing is never set before a case is presented to the grand jury.

Hearings in 24 Hours
Judge Monroe said that his order, subject to approval by Chief Judge Joseph J. Barr, generally will require preliminary hearings in all felony cases within 24 hours of the arrest in the city or area where suspects are placed under arrest.

Where it is impossible to hold hearings within 24 hours locally, the suspect should be taken to Edwardsville for an immediate hearing as full facilities are located there, he said.

Judge Monroe also said he would try to clarify the delegation of responsibility in the preliminary steps of law enforcement between city police and the sheriff so far as custody is concerned, between the city attorney's office and state's attorney's office regarding prosecution, and the public defender's staff and members of the bar as appointed defense attorneys.

Personality Conflicts
Judge Monroe blamed delays upon poor communications between municipal police and the state attorney's office, too large an area and work load for the two-man public defender staff and personality conflicts between some police officials and the county sheriff.

Bartylak requested that his office be notified of the dates of preliminary hearings so "we

Nameoki State to Hold 12 Clean Air Formal Hearings Next Week

(Special from Springfield)

Formal public hearings will be conducted next Thursday by the Illinois Air Pollution Control Board for 12 individuals and firms in the Madison-St. Clair counties classified as violating state clean air laws. The hearings will be held in the East St. Louis city council room, starting at 10 a.m.

Announcement of the hearings was made yesterday at Springfield—these will be held to obtain testimony on which to base a final order which could result in a penalty being imposed by the attorney general's office, and possibly injunctions will be sought to halt open burning.

Earlier this year, the state Air Pollution Control Board had cited 18 firms and individuals and conducted individual, informal hearings at Springfield.

Scheduled to appear at next Thursday's formal hearings are Emmett Mosby and Selden Collins of Madison; Jerry Davis, West Auto Salvage, Granite City; Bill Paul, PT Auto Salvage, Granite City; Steve Barzoff, "B's City Motors," East St. Louis; Wiley Scott, St. Louis, for open burning in Nameoki township south of Madison.

George Thomas, mayor of Brooklyn, and James Sionick, Bernard Fahy, Barney's, All St. Louis; James E. Richardson, Mud Duck Auto Salvage, Tom Fahy, Fahy Auto Parts, all of East St. Louis, and Vernon Paul, Belleville.

SOCIETY

Back to School Theme for Club

"Back to school" was the theme used for the September meeting of the Madison Junior Service club Tuesday evening in the Madison memorial center. Mrs. Adrienne Warchol, president, opened the meeting.

The center was decorated in keeping with the theme, and Mrs. Warchol used a whistle to get the attention of her "students" for the business session.

Officers seated were Miss Jeanette Tritani, first vice-president; Mrs. Dolores Gasho, second vice-president; and Mrs. Jean Voegli, third vice-president. Mrs. Rita Barnhart, recording secretary; and Mrs. Deloyce Rhoads, corresponding secretary. Mrs. Judy Donaldson, treasurer, was absent.

Tentative plans were made for a rummage sale. Also, each member will prepare a dish or dishes and submit the recipes for a recipe book to be sold by the members.

Donations voted were \$200 to the Madison Band Parents for band uniforms and \$180 to the Grenesche recreation center for a soft drink machine.

Mrs. Ruth Fanning reported on a juvenile detention home meeting.

Club committees were appointed. Point sheets are to be filled out each meeting on work done by each member.

The remainder of the evening was spent as a social gathering, with games played and prizes awarded. Hostesses were Mrs. Julia Volokli, Mrs. Warchol, Mrs. Marilyn Schaffner and Mrs. Fanning.

Other members taking part in the first meeting of the new year were Mrs. Maxella Obanovich, Mrs. Doris Paterson, Mrs. Jackie Fritzell and Mrs. Jeanette Kern, and two sustaining members, Mrs. Virginia Gadowell and Miss Marian Chizek.

A federation meeting is to be held Saturday.

Autumn Plans by Webster Parents

The Webster school PTA held its September meeting at the school, 25th and Kate streets, Monday evening. The new president, Mrs. Helen Frazier, called the meeting to order and prayer was given by Kenneth Cann.

It was decided by the PTA that again this year, it will hold a "spook carnival." Date will be Oct. 28 at the school. The committee in charge will be Mrs. Mary Barnhart, Mrs. Jack Cook and Mrs. Pauline Dawson.

Jack Cook was installed as the new treasurer by Miss Elsie Girard, vice-president. Miss Girard introduced teachers who were present.

It was announced by the U. S. savings stamp chairman that stamps will be sold to children who wish to purchase them each Wednesday during the school year.

Committee chairmen of the Webster PTA this year will be Mrs. Dolores Sanders and Richard Barnhart, budget and finance; Mrs. Sally Sumpter and Mrs. Mary Barnhart, savings stamps; Mrs. Betty Woodruff, room mothers; Mrs. Merle James, membership; Mrs. Merle Price, publicity; Principal Clyde Lee, legislation; Miss Girard, board.

Club Discusses Fall Planting

The Garden Study club met Tuesday afternoon in the home of Mrs. Eugene Short, 2527 Spaulding avenue, for a monthly meeting. A dessert luncheon was served by the hostess, followed by a business meeting conducted by Mrs. Wilford Cooley, president.

Roll call was answered by each member naming a flower in her own yard. The club collected was read in union.

Mrs. Cooley announced the semi-annual meeting of District Five garden clubs Sept. 22 at Nameoki Methodist Church. The Gardeners and Garden Study club will serve as hosts.

Each member reported on shrubs and annual planting this year. The club plans to donate to the Lincoln Memorial Gardens in Springfield and to the Blue Star Fund.

The program was presented by Mrs. Abner Branding, who chose two topics, "Keeping Late Color in Spring" and "Annals for Fall Planting."

Mrs. C. E. Eads brought an arrangement of "Golden Girl" and "Bonanza" mums to exhibit. Other arrangements of fresh-cut flowers brought to the hostess to be used in her home were from Mrs. August Thies, Mrs. Harold Carson and Mrs. H. E. Lynch.

Luncheon for Hays Circle

Mrs. Wilma Hudson was hostess Tuesday afternoon to the Ford Hays circle of First Baptist Church in her home, 2140 Grand avenue, for a monthly meeting. A noon luncheon was served by Mrs. Hudson to ten members.

Mrs. Virginia Head read from the book, "Royal Service," on the importance of chaplains and missionaries. Mrs. Ruthie Nelson and Mrs. Mary Lou Summers offered prayer.

The Circle agreed to send a gift to state missions, and a report was submitted by Mrs. Pauline Harp. The program was under the direction of Mrs. Fern Head, Harp, Hudson, Mildred Kaze, Nelson, Summers, Virginia Kovach and Dolores Carson.

Members offered prayer for a revival to be held at the church in October.

New officers elected were Mrs. Carson, chairman; Mrs. Aflotter, vice-chairman; Mrs. Kovach, secretary; Mrs. Head, program chairman; Mrs. Harp, prayer chairman; Mrs. Maze, missionary chairman; Mrs. Marie Parks, community missions chairman; and Mrs. Nelson, stewardship chairman.

The circle will meet again Oct. 11 in the home of Mrs. Maze on Delmar avenue.

Mutual aid; and Mrs. Pat Pool, historian.

Following the meeting, a get-acquainted session was held in the cafeteria, with refreshments. Price, publicity; Principal Clyde Lee, legislation; Miss Girard, board.

BETROTHED. Miss Phyllis Doyle, whose engagement to Richard Timko, a son of Mr. and Mrs. Andrew Timko Jr., 2263 Grand avenue, is announced by her parents, Mr. and Mrs. Lawrence Doyle of Florissant, Mo.

Fall Wedding Date is Set

Mr. and Mrs. Lawrence Doyle, 410 Paul avenue, Florissant, Mo., have just announced the engagement of their daughter, Miss Phyllis Doyle, to Richard Timko, a son of Mr. and Mrs. Andrew Timko Jr., 2263 Grand avenue.

The bride-to-be was graduated from Southern Missouri State College in 1953. She is a member of Sigma Alpha Iota national of music sorority, the St. Louis Bach Chorale and Alpha Xi Delta social sorority and at present is teaching music in the Pattonville, Mo., school district.

Mr. Timko was graduated from Southern Illinois University, southwestern campus, where he is now working toward a master degree in Guidance. He is teaching in the Collinsville school system.

The wedding will take place Nov. 19 at the Church of St. Louis King of France (Old Cathedral).

St. Mark's P&F Planning Sale

The Parents and Friends Association of St. Mark's school in Venice met Tuesday evening in the school basement.

The president, Mrs. Jeanette Woodmore, was in charge and 27 members were present. Reports were given by the treasurer, Mrs. Irene Mangi, and five new members were welcomed. They are Mrs. Mary Ann Cook, Mrs. Dorothy Schiller, Mrs. Dolores Burns, Mrs. Ina Mae Ponce and Mrs. Kathy Haegy.

Mrs. Pat Fields, chairman of a rummage sale to be held Saturday, reported on the progress of the group, and room mothers were appointed. Mrs. Florence Duter was named chairman of a committee to amend the constitution. She will be assisted by Mrs. Pat Blibrey and Mrs. Lucia Foley.

Calohokia - Warrior Game 'Tremendous Challenge'

Much Prestige at Stake For Both Teams in Game

"We consider our game with Granite City a tremendous challenge," said Calohokia head football coach James "Pete" Truran, in commenting on the season opener on the Warriors' gridiron at 8 p.m. Friday.

For the past six years, four of which have found Truran as head coach, the Comanches have opened with Belleville Altoona.

But Calohokia was steadily growing into a stronger football foe. The burgeoning behemoth has been after bigger game.

Wanted in SWC

"We like to play schools with good success," said Truran, "and Granite City has had this kind of success. It's been a leader in the Southwestern Conference," he pointed out in speaking of the same conference that has eluded Calohokia. The school tried to apply for membership a few years back.

The Comanches, 27-82 under Truran's tutelage and growing power during his eight years in the Calohokia football program, were unbeaten in 1962.

That its prestige will be further on the line in Friday night's encounter might be hinted at by its now existing string of 10 consecutive games without a defeat. Calohokia was tied by Centralia last season.

Not since Assumption bluffed coach Truran's squad 14-0 on Nov. 12, 1964, have the Comanches tasted defeat.

Cites Defense, Offense

Anticipating a rugged battle Friday night, "Truran, who will field a starting unit that averages 186 in the line and 168 in the backfield, commented on the Warrior defensive reputation.

"I know they have a splendid defense," he said, "and although their offense isn't heralded as much, they must be able to move with the ball."

"A team," said Truran, "that has as good a defense as Granite City must certainly also know how to score."

Scores Compared

Scoring and a comparison of scores have provided much of the pre-season conjecture about the much-discussed opener Friday.

Calohokia knocked over Riverview Gardens 18-14 last year while the Rams pounded Granite City 24-0. Truran's squad further pounded Madison 47-0 in a season that saw the Warriors edge the Trojans by only 26-15.

But this is 1966.

Truran will field a team made up entirely of lettermen. Anchoring his line will be center Terry Mondy, a six-foot 205-pounder. Heaviest of Calohokia's linemen is right tackle Ezra Sillas at 215, but Truran has in defensive end L. H. Gaither another player who tops 200.

Heaviest of Truran's backfield alignment is starting offensive left halfback Don Cars, 185. Fullback Mike Chatriau scales in at ten pounds less and Julius

Winters, the other offensive half, weighs 165. Mike Sluder, a 150-pounder, is the starting quarterback.

Calohokia Here To Play

"Light," "hard-hitting," "lacking in depth," "extremely aggressive" are adjectives which Morrison has used to describe the 1966 Warriors in talks before season clubs lately.

As for commenting on the game Friday night he said, "We consider it a tough one. We know Calohokia is coming to play." He characteristically added, "The proof will be in the pudding Friday night."

Morrison, 17-91 into his fourth year as Granite City coach, will field a starting offensive line that averages 182. This relatively slow backfield, which he's hoping will help top last year's 54 mark, averages 170.

In his first year here, a season that saw the Warriors hold powerful East St. Louis to a 7-6 win, ended 53-1. In 1964 the season was highlighted with a 16-7 victory over the Flyers, and the Warriors chalked up a 7-2 edge.

But, again, this is 1966.

Granite City Rotarians in Golf Victory

Repeating its success of last year, the Granite City Rotary golf team defeated Madison Rotary 326-238 Tuesday afternoon at Arlington.

Leading the narrow victory was Carl Mathias' low net of 75, pacing the Granite City lettermen. Vince Bischoff, Chris Pashoff and Dr. Elwood Ackerman made up the rest of the winning foursome.

Still unable to capture the traveling Granite City-Madison Rotary cup were Madison Mayor Stephen A. Moors, who fired a 79, and John Belloff, Rich Seuss and Dr. Jack Weed.

Venice Hurler Faces 17 Men In No-Hitter

Venice high school pitcher Rich Essington hurled a no-hitter against Highland Tuesday evening as the Red Devils won 14-0 on the losers' diamond.

Essington, who aided his own cause with two triples, faced 17 batters. The pair of extra men (evening game reached base in the fifth inning, the last frame to the 10-run lead.

In the fifth, Essington walked the first batter, issuing his first base on balls. He then notched his tenth strikeout in the contest but the next man reached base on an error.

Carmel Chavis' two hits and a double by James Harper were hitting highlights in the Venice victory.

J. A. Advisors Open New Season at Meeting

More than 500 business and industry representatives in the metropolitan St. Louis area marked the official opening of the 1966-67 Junior Achievement program Wednesday night at the Sheraton-Jefferson hotel, St. Louis.

The men, representatives of 70 major firms, will serve as advisors to the J. A. companies which will be operating in the area.

Besides general information pertaining to Junior Achievement, the orientation included sessions on accounting, sales, production and banking operations.

Herman Gall, regional vice-president of Junior Achievement and guest speaker, discussed the contributions that the area has made in the program.

Junior Achievement is a business education program designed to teach sophomores, juniors and seniors in high school the fundamentals of the free enterprise system. They own and operate their own miniature corporations, elect officers, sell stock, purchase raw materials, manufacture products and sell them.

There are nine J. A. business centers in the regional area and last year more than 700 teenagers participated in the program. The Granite City center is located at 3307 Wabash avenue.

It is also expected that the rookie of the Year will be named here, since Granite City is this year the final leg of the IMCA circuit, not Nashville as in years past.

Former Warrior On Iowa Defense Unit Saturday

John Evenden, a sophomore at the University of Iowa, will start at the defensive left tackle position for the Iowa Hawkeyes Saturday when the Big Ten team opens its 1966 football season at home against the University of Arizona, Iowa Head Coach Ray Nagle announced the starting lineups this week in a televised interview.

In pre-season drills, the former Granite City Warrior has held the second-string power tackle spot on offense. He was moved to the starting defensive assignment late last week after John Diehl, a highly-rated junior letterman, sustained a fractured right shoulder in a full scrimmage practice session.

The six-foot three-inch, 252-pound lineman had been used only with the Iowa offensive platoon as a freshman candidate and in spring practice. Football players at Big Ten universities are ineligible for varsity or interschool grid competition until their sophomore year.

As a senior at Granite City high school, Evenden was named to the Press-Record's 1964-65 All-Southwestern Conference team, selected by the coaches of the conference, and to all the metro area All-Star squads selected in this region. He played at defensive guard and offensive center positions with the GCHS Warriors.

Anti-Pinball Law Refused by County

The Madison county board of supervisors turned thumbs down Tuesday on efforts to outlaw pinball machines in unincorporated areas of the county.

Berry Harris, Alton assistant supervisor and chairman of the investigation and license committee, said during the monthly county-board meeting, it was the opinion of the committee that pinball machines are amusement devices and are not illegal as such.

Sheriff Barney Fraundorf has been seeking the ordinance against pinball machines on the bases that they are being used in some cases for gambling purposes and that they are available to school children.

Harris reported that Fraundorf did not produce evidence of trouble concerning the machines at any of the committee meetings. "He just informed the committee that it was his opinion that there was (trouble)," he said.

There are laws against gambling, Harris said, and "if the pinball machines are being used for gambling purposes, it is the duty of the sheriff to enforce those laws."

Another committee member reported that Fraundorf had specified one case of a truck stop in which children from a school a half-mile away were spending their lunch money on pinball machines.

The board member said he visited the truck stop during the lunch hour on several occasions and found no children. Upon conferring with the principal of the school in consideration, he said that none of the children were permitted to leave the school during the lunch hour and that all ate in the school cafeteria.

In no case would the children be permitted to walk along the highway to the truck stop, the supervisor added.

The county board then approved the committee report without further question. The sheriff had designed an ordinance similar to one in Cook county.

Commercial Division Getting Ready for UF Drive Kickoff

Planning in advance for the Oct. 3 kickoff of the 1967 Tri-Cities Area United Fund campaign for \$367,000, Herbert Schermer, chairman of the Commercial Division, met with his section leaders Monday afternoon to prepare for a Sept. 27 advance start.

The meeting was held in the board room of the Associated Retailers, and Schermer announced the briefing session for volunteer workers will be a breakfast Sept. 27 at the Grand Cafe. Also present was the general chairman of this year's campaign, Carl Mathias, Illinois Power Co. area manager, who stressed the need for employees of commercial establishments to be contacted by workers as well as the proprietors and managers.

He added that those employees making pledges at work will not be contacted at their homes. Present for Monday's Commercial Division session were—Arthur Koepfer of the American National Bank who heads the finance and real estate section; Bill Burns of Burns Cafeteria, restaurant section; James Runyan of National Food stores, grocers section; Roy Feder of Feder & Huber Furniture store, retail section; Carl Roach, assistant township supervisor, and Charles Meyer of the Steelcase, nemann Agency, co-chairman of the wholesale section; Mathias and John D. Solenberger, executive director of the United Fund.

Wounded Vietnam Vet Completes Leave Here

Marine Cpl. Eddie Joe Hinson has left for Camp Lejeune, N.C., where he has been assigned as a squad leader to the weapons platoon, "H" Company, Second Battalion of the 8th Marine Corps Division. He recently had a 35-day leave at home after returning to the States in July from 13 months duty in Vietnam.

A son of Mr. and Mrs. Harold Mayfield, 2840 Fortune drive, the 19-year-old Marine was promoted to corporal on July 1, shortly before leaving the combat area. In Vietnam, Hinson sustained shrapnel wounds in his right arm and left hand from enemy mortar fire while manning a defensive position near DaNang, on March 18.

He enlisted in the Marine Corps in October 1964, following his graduation from Granite City high school. Hinson received advanced training as a rocket-squad specialist before assignment overseas.

Rowland Murder Trial Still is Pending

The murder trial of Walter H. Rowland of Granite City, charged in the fatal shooting of a Kentucky man last Feb. 28, was still to be set today in Madison county circuit court at Edwardsville.

The criminal court has been occupied this week by a jury trial of an Alton case. A total of 32 criminal cases, including the Rowland case, was on the criminal setting which opened Monday.

Rowland is charged with the murder of Jerry Thompson, 23, of Union, Ky., a former Granite City Army Depot soldier, two days after he was discharged from the Army.

Six other area defendants are awaiting action on the current criminal setting.

Local Police Officers Attend FBI Conference

Patrolman William Fanning of the Madison police department and three members of the Granite City department's detective bureau attended a special law enforcement conference sponsored Tuesday in Belleville by the FBI. Also in attendance was State Police Capt. Emil Tofant of Madison.

Representing Granite City were Chief of Detectives George Telor and Detectives Michael Devine and Joseph Nemeth. Problems discussed were on the theme, "The Law Enforcement Agency," and included the need for better police-enforcement images at all levels.

Speeding Charge Filed

Terry R. Greathouse, 1822 Benton street, was charged with speeding at 23rd and Benton streets at 8:45 p.m. He was summoned for a hearing by Sept. 23.

Protest Letters Have been Written and are being sent to Gov.

Otto Kerner, Cong. Melvin Price, State Representatives Lloyd "Curly" Harris, Leland J. Kennedy and Ralph Smith, U. S. Sen. Paul Douglas, U. S. Sen. Everett M. Dirksen, and State Sen. Paul Simon, Mrs. Cook said. Mrs. Cook said the group also is objecting to the removal of 30 large trees along the front property lines of their land.

Lauren Berger, chief design engineer at the French Village highway office, said plans call for complete landscaping of the Nameoki road right-of-way after construction, including the planting of trees and shrubbery.

Is Safety Factor Berger and Kettnerhofen said

the 42-foot median strip is considered necessary in that particular area because of land contours and the safety factor. The wider median strip offers better protection at "turn around" strips between pavements.

In addition, Berger added, the Nameoki road improvement which will connect with that now under way between Madison avenue and the northern Granite City limits, will have to be relocated in its entirety. Because of the bad condition of the old road, plans do not provide for use of any part of the old road.

The project calls for raising of the road level at the Maryville road railroad crossing to a level equal to that of the railroad crossing. This, he said, should offer even greater protection at the crossing.

The Nameoki road improvement is estimated to cost around \$850,000, Berger said, adding that this is a rough estimate since determination of cost factors is still two years away.

Tight Parking Space

Celestia K. Puryear, 2519 Edwards street, reported that she scratched the door of an unoccupied auto while she was attempting to back out of a tight parking space at 10:45 a.m. Tuesday on the Tri-Cor parking lot, 21st street and Madison avenue.

28th-Auto driven by Jimmy F. Kesterson

lives at 1549 St. Clair avenue, and Ruth L. Weston, 2628 East 28th street, collided at 7:45 a.m. Wednesday at 28th and Iowa streets. She was charged with failure to yield right-of-way.

SEPTEMBER MEETING OF HOMEMAKERS CLASS

The September meeting of the Homemakers Sunday school class of Calvary Baptist Church

was held Monday evening in the home of Mrs. Margaret Michaels, 2437 Roney drive.

Mrs. Lois Bradford opened the meeting with prayer and Mrs. Edith Harris gave devotions taken from the 23rd Psalm.

Mrs. Ida Kilmer conducted the business meeting. Officers elected for the coming year were Mrs. Kilmer, president; Mrs. Harris, vice-president; Mrs. Ruth Youngman, secretary; and Mrs. Lucille Cahill, treasurer.

This month the class will prepare a "sunshine box" for a

hospital patient who is a member of the class.

The meeting closed with prayer by Mrs. Bernice Snider. A social hour was conducted and games were played, with prizes going to Mrs. Evelyn Turner and Mrs. Ruth Youngman.

Refreshments were served by the hostess to those named and Mrs. Brownie Ricks, Edith Harris and Evelyn Turner.

Mrs. Youngman will serve as hostess for the next meeting Oct. 10 in her home, 2630 Iowa street.

BROWNIES HOLD FIRST MEETING OF YEAR

Brownie Troop 738, sponsored by Frohardt PTA, held its first meeting of the year Tuesday afternoon in the home of the leader, Mrs. Pat Winters, 125 Riviera drive. Assisting was the co-leader, Mrs. Mabel Parker.

The meeting was opened with the scouts giving the pledge of allegiance and Brownie promise in unison, followed by collection of Brownie gold.

Election of this month's officers was held. The new pres-

ident will be Sherrie Harmon, Carol Henry, Deborah Barnes, secretary Jama Beckett, and Leslie Houser, Debra Griffin, treasurer Lori Winters. The main part of the meeting was spent getting acquainted with the new Brownies and planning future activities of the troop.

Refreshments were served by the leaders followed by a game called "The vanishing tunnel."

Attending were the officers of the new Parkview grade school, 3200 Maryville road, has announced a meeting of all parents this evening at 7:30 for the purpose of forming a new PTA.

Miss Willaredt Is Honoree

Miss Donna Willaredt was guest of honor Tuesday evening at a surprise miscellaneous shower given in the home of Miss Kathy Brave on Rural Route One.

Miss Willaredt will be married Oct. 22 at St. John United Church of Christ to Paul D. Simon.

The rooms of the Brave home were decorated with green and white streamers, lilacs of the valley and a large set of silver wedding rings suspended above the gift table. The dining table was lighted with tall green tapers and the centerpiece was a white satin heart-shaped pillow which is to be used at the wedding. Green lace doilies held favors of small white satin ring-bearer pillows edged with lace and topped with miniature wedding bands.

Invited guests included Mrs. Ronnie Wachter, Mrs. Elmer Worthen, Mrs. Reinder Wachter, Mrs. Carl Worthen, Mrs. Larry Worthen, Mrs. Claude E. Schwendemann, Mrs. Louis Willaredt, Mrs. William Willaredt, mother of the bride-to-be, Mrs. Paul A. Simon, the bridegroom's mother, Mrs. Robert Brave, Miss Chris Brave and Mrs. Arthur Willaredt, the latter of Mattoon. Entertainment for the evening consisted of games and several prizes were awarded to the winners.

Plans for Bazaar Made by Circle

The Woman's Society of Christian Service of Niedringhaus memorial Methodist Church met Tuesday evening in Wesley Hall of the church.

Mrs. Harold Briggs, president, conducted the business hour during which plans were made for the bazaar in November. On display were a number of articles being made for the annual event.

Mrs. Velva Pieper led the devotional service, and Rev. R. Paul Sims, pastor, discussed the topic "Food for the Journey."

Announcement was made of a new co-leader of Loyce Circle who will be Mrs. Gerard Bushue Jr. Rev. Sims expressed appreciation to the society for rededication of the minister's study, and the members were reminded of the revival meeting to be held Oct. 18-21 with Rev. Jack Adams of St. Paul's Methodist Church in East Alton, as guest speaker.

After the meeting, Truth Circle, Mrs. Leona Cartwright, leader, served refreshments to 45 members.

NEWLYWEDS TO LIVE AT MEMPHIS, TENN.

Mr. and Mrs. Richard Fulcher, who were married recently at St. John United Church of Christ, are expected home over the weekend from a wedding trip to Cumberland Falls, Ky., and will leave Sept. 26 for Memphis, Tenn., where the bridegroom, a private first class in the U. S. Marine Corps, is stationed.

The bride is the former Linda Rae Hendricks, a daughter of Mr. and Mrs. Raymond Hendricks, 2612 Iowa street. Pfc Fulcher is a son of Mr. and Mrs. John Fulcher, 2465 Edison avenue. Both young people are graduates of Granite City high school. Before her marriage the bride was employed by Southwestern Bell Telephone Co.

HIGH SCHOOL BAND PARENTS MEET

The Granite City high school Band Parents Association met Tuesday evening in the school band room with Bernard Sheppard, president, in charge.

Reports of the secretary and treasurer, Mrs. Charles W. Hunsicker, and Mrs. Gilbert Hall were read, and plans were made for the parents to sell refreshments at the football games, beginning Friday.

Louis Meek, band director, reviewed the dress requirements for the students uniform, and plans were made for another meeting Oct. 11.

Mrs. Hall and Mrs. Louis Van were hostesses at Tuesday's meeting.

ONES WILL HONOR PAST OFFICERS

New Hope Chapter 432, Order of Eastern Star, will meet at 8 p.m. Friday when past officers, who are to be guests of honor, will fill all stations. Mrs. Dorothy Edwards will preside in the East.

Mrs. Sara Dempsey is worthy matron of New Hope and Jack Dempsey is worthy patron.

HOME ON LEAVE

Pvt. Allen Charbonnier Jr. is home from Fort Lewis, Wash. where he has just completed basic training. He is spending a 14-day leave with his parents at 2544 Edwards street and his wife, Estelle, at 2544 (rear) Edwards street before leaving for Fort Dix, N. J., where he will accompany him. He will receive special motor vehicle training before being sent to Alaska.

SOCIETY

Garden Club To Hold Sale

The Cloverview Garden Club met Tuesday afternoon in the home of Mrs. William Bradley, 81 Morris court, for a 12:30 desert luncheon, followed by a business session conducted by Mrs. John Jenkins, president, and the program.

The club collect was read by Mrs. Kenneth Brokaw and the club members responded to roll call with names of favorite vines. All were urged to attend the semi-annual meeting of District Five, Garden Clubs of Illinois, to be held Sept. 22 at the Nam-oki Methodist Church, 2000 Penton road, ad Mrs. B. C. O'Neill announced plans completed for a rummage sale Friday at 9 a.m. at 1920 Edison avenue.

A contribution to the Lincoln Memorial Fund was approved, and the annual pilgrimage to Pere Marquette State Park on Oct. 11 was discussed. Mrs. Fred Orr is to serve as chairman.

Others attending Tuesday's meeting were Mrs. Elwood Ackerman, Mrs. John Lentz, Mrs. V. J. Lisc, Mrs. Robert McCauley, Mrs. Louise Sedlack and Mrs. George Knapp.

Lesche Club Begins New Season

The home of Mrs. Ronald Pennell, 1208 Twenty-seventh street, was the place of meeting Tuesday afternoon for the Lesche Literary Club.

This was the first gathering of the members for the autumn and winter season, and 19 were present. The hostess served a dessert course before the business hour and program.

Mrs. Rex Niles, the new president, was in charge and Mrs. Kipling Pellet led the group in the pledge to the flag and the club collect.

Mrs. George Holtzschner announced the program for the year, "Discovering America," and Mrs. Sam Meyer gave the program for the day on "Mid-Eastern States."

Mrs. Bernard Miller ar. will be hostess for the Oct. 11 meeting, and Mrs. Lee Stevens will have the program.

Eagles Auxiliary Hears Reports

Reports of the auditor, Miss Sylvia Roy, and the chairman of the ways and means committee, Mrs. Helen Frazier, were heard Tuesday evening at a meeting of the Eagles Auxiliary.

A district meeting of the Eagles Lodge to be held Sunday at the hall was announced. The dinner will be served by the Auxiliary.

Plans were made for a party for past presidents to be held Sept. 27, and the "white elephant" was won by Mrs. Mildred Shifter. Mrs. Frances Steinman received the special award for the evening.

Refreshments were served by the hostesses, Mrs. Eileen Ricker, Mrs. Estelle McKinney and Mrs. Opha McMan.

MRS. RUTH TEDESCO ATTENDS CONVENTION

Mrs. Ruth Tedesco, 1416 Washington avenue, has returned from Pasadena, Calif., where she served as a delegate to the 40th annual convention of the Federated Russian Orthodox Clubs. While in the state Mrs. Tedesco visited her brother-in-law and sister, Mr. and Mrs. Norman Wood and family in Riverside and another former Granite Cityan, William J. Smith of Ingleisle. Mrs. Wood and her daughter, Cynthia and Melinda, returned with Mrs. Tedesco to spend a month's vacation with her parents, Mr. and Mrs. Sam Revak, 1416 Washington avenue.

PAST MATRONS OF OES MEET

The Past Matrons club of Granite Chapter 630, Order of Eastern Star, opened the season with a meeting Monday evening in the home of Mrs. Arline Fox on State street.

Mrs. Evan Griffith presided, and after a business session there were games with prizes going to Mrs. Clara Harbig, Mrs. Kathryn Roman, Mrs. Karmyn Edmondson and Mrs. Blanche Leuchter.

The hostess served refreshments to 13 members and plans were made to meet in October with Mrs. Harbig.

HILLTOPPERS HEAR GUEST SPEAKER

The Hilltoppers of Christ met Tuesday afternoon at the church. Rev. Paul Surbey, pastor, led the devotional service and introduced the speaker, Atty. Phillip Surbey, who discussed "Wills, Estates and Trust Funds."

Mrs. and Mrs. John Schullinger and Mr. and Mrs. John Schullinger members of the hospitality committee, served refreshments to about 25 members of the group.

Downtown

average of 33%. Consumers interviewed by the survey called for parking areas within the central business district rather than in fringe areas.

Traffic Congestion
Another complaint by consumers was traffic congestion. The businessmen and city officials reached no conclusions on the problem Tuesday evening, but indicated steps would be taken. It was recommended the city's entire street and highway system should be given careful study.

The report showed strong loyalty of customers to certain stores and courtesy of sales personnel as an important attribute, and also noted a consumer dislike over lack of selection. About 31% said the central business district lacked a variety of shopping and another 10% found a lack of name brands. Others said they could not find off-shops.

Patrons going away from the central business district, it was noted, seek women's wear and accessories, major department stores' suits and eating places. Needed in the downtown area, the report stated, are medical specialists and clinical services, restaurants, entertainment, and appliance repair services.

Suggested Changes
Most respondents in the study stated dislike of the appearance of the central business district and recommended remodeling, clearing streets, eliminating air pollution and changing window displays.

Area residents presently spend \$33,000,000 in the central business district, leaving a potential of \$30,000,000. Out-of-towners spend \$3,000,000, and an estimated \$12,000,000 more could be spent.

Projected to 1985, the business prospects are between \$81,000,000 and \$92,000,000 by local residents and \$11,000,000 to \$22,000,000 by out-of-towners.

Urban Renewal Proposed
Urban renewal was deemed important by the researchers who said the city should take every step to qualify for the federal programs which would allow significant changes in the physical structure of the community.

City officials said a program is nearing completion for updating the city's master growth plan, involving land use and zoning and other aspects for future development.

Included would be studies regarding the city's present street and highway network, involving the central business district and the entire community.

To carry out the overall program, the SIU Research Bureau recommended organization of the talents and resources of the community into an "action group."

Organization Recommended
"There is a need for more than one organization, because of the various tasks to be accomplished but it is recommended that all the planning be coordinated by a central committee," Preli stated.

To formulate the special programs and policies, the researchers suggest committees to work on — Local, state and federal programs; traffic problems; shop parking requirements in the central business district; central business district renewal; new business activities; development of promotional programs, improvement of family living facilities in the downtown area and special political program.

Other Alternatives
Of the other two options offered by SIU, the second was listed as a "stop-gap" operation and designed to prevent a decline in the downtown district role in the area's economic life. It would call for programs to develop the business district as a regional shopping center.

In the first option considered by the researchers, the present patterned development in the central business district would be emphasized further. It would basically change the general business function of the CBD to that of a neighborhood shopping center in an area of relatively low to middle socio-economic groups whose purchasing power is not great enough to provide for growth and development of a mature CBD.

Through promotional planning for a central business district is difficult, according to the report, the most difficult problem "is to develop a positive attitude among the CBD merchants in regard to promotional programs. These programs generally represent a fairly significant investment."

Such promotional programs as an annual high school review, pre-season professional football or basketball games, or major cultural events (when facilities become available) as a great artists series, were suggested. Promotional programs are equally important with physical changes to aid future growth, the report said.

The spokesman for the study said that action on the adapted plan is required now. He added that some community CBDs that had the problems now prevalent in the Granite City downtown district did not act when they should and are now ghost towns.

2 Men in Kayak Go Through Local Locks

Two young men in a kayak enroute from the state of Washington to Washington, D.C., chatted briefly with lock attendants at the Chain of Rocks canal Tuesday morning.

Lockmaster Roy Elliott said James Curran and John Davidson, who appeared to be in their twenties, told him they had been on their way three months and 10 days, starting at the mouth of the Columbia River, and now are enroute for the Ohio River to head east.

The speedy lockage prevented any further discussion, and locks personnel did not learn the purpose of the trip.

Tax Agencies in New Appeal of Rail Tax Cases

Another appeal of the long-embattled railroad tax case involving \$1,500,000 in protested taxes was filed with the Illinois Supreme Court yesterday by Burton C. Bernard, Granite City attorney representing Madison county.

The new action asks reversal of new judgments entered in the three-year-old court fight on April 20 this year by Circuit Judge James O. Monroe, after the Illinois high court had reversed a circuit court decision favoring the county in the railroad assessment cases.

More than \$1,500,000 in tax refunds were distributed to 12 Madison county railroads last month on the basis of the judgments entered by Judge Monroe in April. The railroads, during the three years of hearings, documented evidence, motions and appeals, contended the refunds were due them because they were assessed during the 1957-62 tax years on a 100% cash value ratio rather than a 50 to 60% ratio they claim was applied to other taxable property through out the county.

In August, Judge Monroe ruled the railroads were not so assessed and held in favor of the county. The railroads appealed to the Illinois Supreme Court which, early this year, reversed Judge Monroe and ordered refunds to the rail lines. Bernard, acting as attorney for the taxing districts whose tax monies were involved in the cases, sought to appeal to the U. S. Supreme Court, but that court refused to accept the case.

New Judgments Entered
New judgments, specifying amounts of refunds to each railroad, were entered by Monroe in April following the Illinois Supreme Court reversal. Arguments of railroad attorneys that the U. S. Supreme Court reject an appeal hearing was based in part on contention that the first judgments entered by Monroe in August 1964, were invalid because they did not specify amounts.

Determination of the specific amounts of refunds in the new judgments entered in April cleared the way for a new appeal to the Illinois high court, Bernard pointed out.

Since the county already has refunded the escrow taxes to the railroads, the county, if it were to obtain a favorable ruling in the new appeal, would be required to sue the railroads to obtain return of the money, Bernard said.

"We are continuing our efforts to obtain a ruling that railroad property was not assessed at 100% of fair cash value, just as local assessments were not equalized at 100%," Bernard added.

Four Area Businesses Obtain Gaming Stamps

Four Madison county business establishments, all in the Quad City area, have obtained federal gaming stamps, Sheriff Barney Fraundorf announced yesterday. He made the report after an investigation and license committee of the county board of supervisors refused to introduce an anti-pinball machine ordinance which the sheriff had requested.

The committee said it was unnecessary as gambling laws cover pinball machines if they are used for gambling purposes, and that it is the duty of the sheriff to enforce the gambling laws.

The establishments cited by Fraundorf are Nick's diner, Broadway and McKee streets, Venice; Mick's garage, Mitchell; Busy Bee truck stop, 4200 Highway 162; and Stone's drive-in, Madison avenue and Market street, Venice.

The sheriff said that last year only one county establishment had purchased a gaming stamp.

Bend Road

service was further emphasized Jan. 31 this year, when an overheated oil stove completely destroyed the one-story, six-room frame home of the William Percy family at 508 Bend road.

The previous day, in below freezing weather, a four-room frame dwelling of Mr. and Mrs. Claude Clark, 118 Rose avenue, was totally demolished after a coal stove exploded.

At the Clark fire, Horseshoe Bend firemen successfully prevented the flames from spreading to the adjacent home of Mrs. Clark's father, Murrell Lee. Firemen also have extinguished a wheat field fire, two automobile fires, a blazing garage and other minor fires since they organized.

Several of the firemen have attended two, five-week instruction courses provided by the University of Illinois extension service. The sessions which dealt with all phases of fire-fighting were held at the Fairmont fire house.

Mrs. Berger explained that a list of volunteers is kept up-to-date by the fire chief and secretary, who know at all times the number of men available for service.

where other help can be reached. The department currently has a total of 14 volunteer regulars. The Horseshoe Bend department now boasts two tanker trucks. One, a 1941 model, is a converted oil tanker with a water capacity of 1200 gallons. A second vehicle, a 1939 fire truck, has been renovated and a small tank replaced with a 1000 gallon tank, donated by the Nichols Net and Twine Co. of Layton road.

Protection is offered to Bend residents for a nominal fee of \$10 per year for homeowners, and \$5 annually for those renting property, Mrs. Berger explained. "We are making every effort to complete the firehouse before winter sets in," she said. "Last year, Ervin Mueller put his own farming equipment outdoors so we could keep the fire trucks under cover and ready to go. To stretch out our meager funds, we are now removing nails from old lumber, so we can use the material to roof the building."

While the men are working, members of the auxiliary unit provide meals. "Thanks to a donated gas stove from Mr. and Mrs. Pete Billick of Venice," said Mrs. Berger, who also serves as auxiliary president. Those enrolled on the fire-fighting team, also include Clarence Mains, the group's first president; Jerry Berger, Eldon Cook, Layton, Delmar Cottrell, Jay Peeler, John Ragsdale, Richard Slecka, Lester and James Vierling and Charles Payne.

The Progressive class of Second Baptist Church held its quarterly birthday dinner Monday in the home of Mrs. Mae Williams of Washington avenue. Mrs. Melba Roberts was in charge.

Opening prayer was given by Mrs. Williams, and the group sang "What a Friend We Have in Jesus." Devotions were given by Mrs. Palletta Humphries from the 91st Psalm. The 23rd Psalm was recited in unison.

Birthday celebrations were those of Mesdames Maude Bee-die, Ivan Biggs and Williams. Others present were Mesdames Naomi Roney, Naomi Burnett, Alene Reagan, Lena Bonnavar, Minnie McClew and Florence Paul. Closing prayer was given by Mrs. McClew.

Ill. Terminals Loses Bridge Bond Tax Case

A U.S. Court of Claims trial commissioner has upheld the Internal Revenue Service in denying interest deductions claimed by Illinois Terminal Railroad in connection with its sale of the McKinley Bridge to the city of Venice Nov. 21, 1966. It was disclosed this week.

Illinois Terminal in 1956 obtained a \$20 million bank loan to finance purchase of assets from a predecessor company. Two years later it sold the largest single asset, the bridge, to Venice for cash and \$11 million in tax-exempt Venice bonds.

Internal Revenue disallowed deductions for interest paid on part of the debt, ruling that Illinois Terminal continued to owe the money in order to hold onto the city bonds. It invoked a law provision that bars interest deductions on borrowings invested in tax-free securities. The trial commissioner's decision followed an appeal by the railroad to the Court of Claims.

Offers You The World-Honored FUNK & WAGNALLS ENCYCLOPEDIA in the NEW Eldorado Deluxe Edition

25 MAGNIFICENT VOLUMES

Now Yours-
AT PRACTICALLY
HALF PRICE
WITH OUR
BOOK A WEEK PLAN

IMAGINE owning the
complete 25-volume
Funk & Wagnalls
Standard Reference
Encyclopedia in the
newest ELDORADO
DELUXE EDITION!

HOW TO BUILD YOUR SET A VOLUME A WEEK

Starting this week Volume No. 1 goes on sale. It's yours for only 49¢ with coupon below—a special introductory price to get you started. You save \$2.30 on this first volume by presenting the coupon while the book is still on sale. With this Volume No. 1 you receive—free—coupons for Volumes 2 through 25.

Each week thereafter, a new volume is placed on sale, so that if you collect your volumes a

book-a-week, in only a few short months you will own the complete set. Volumes 2 to 25 cost you only \$1.49 each with coupons. Without coupons these volumes would cost you \$2.79 each—so you can see what a terrific bargain you receive with the free coupons.

So, get Volume No. 1 this week. Then, make it a habit to pick up an additional volume every week until your set is complete.

Huge Treasury of Knowledge—
Magnificent New Edition

Each volume has the contents of three ordinary books. The complete set contains SEVEN MILLION WORDS in all, in nearly ten thousand double-columned pages, covering over THIRTY THOUSAND different subjects embracing a condensation of all man's knowledge! This newest Eldorado Deluxe Edition is simply gorgeous, bound in creamy simulated leather, stamped in red, black and gold, with special end-papers, full-color frontispieces, thousands of photographs, drawings, and diagrams illustrating the text, and full-color maps of every country on the globe, comprising a complete World Atlas. Most beautiful of all, the page-tops of all the volumes are gilded, as only really expensive books are gilded, making the set a superbly luxurious ornament for any home.

for Business and Industry, scheduled at \$7,800,000, and a business classroom and office building at \$6,700,000.

List Original Projects

Among projects proposed in the original Southwestern Campus budget included a fine arts upst over the plan.

The board's plan for shaping higher education, at least through 1971. With even some board members Board Chairman Ben Hein-

man postponed action until Nov. 15. The proposal, consisting of phase two of the Illinois Master Plan for Higher Education, was criticized from several directions, particularly in regard to decentralization of the state's high education governing structure. Doyte Morris, president of SIU, questioned the proposed centralization, pointing out that it was tried by SIU several years ago. The result, he said, was expensive duplication of programs and facilities. Oppose Minimum Requirements He also criticized a staff proposal that would set minimum entrance requirements at SIU. He said this would bar disadvantaged students, preventing the University from experimenting in how to educate them. Similar criticism was made by University of Illinois President David D. Henry, although he said he agreed with many parts of the proposal. He charged that the provision calling for off-campus chancellors to run university systems composed of several campuses would deprive all universities of strong central leadership. Pvt. Gulash Leaves For Alaskan Duty

Army Pvt. George J. Gulash, 24, who recently was awarded a certificate of merit on completion of his basic and advanced training at Fort Leonard Wood, Mo., departed by plane Tuesday for Alaska. He is the son of Mr. and Mrs. Paul Gulash, 1128 Meridian street.

Since enlisting for three years' service on April 11, the local soldier has accumulated 485 out of a possible 500 points established as the standard of excellence in the Army's physical combat proficiency testing program. He attained the high rating while a member of Company E, Fifth Battalion of the Second Basic Training Brigade, at Fort Leonard Wood.

Prior to joining the Army, Pvt. Gulash was employed as a press operator at General Steel Industries. He had been with the firm since he was graduated in 1962 from the Madison high school. He expects to remain with the Alaskan Command for a possible two-year period.

Graduate at Great Lakes

Seaman Recruit Thomas A. Crane, 23, USN, son of Mrs. Helen Crane of 2124 Cottage avenue, has been graduated from nine weeks of Navy basic training at the Naval Training Center, Great Lakes, Ill.

Hospital Laundry Employs 16; Monthly Wash--77,000 Lbs.

St. M. Philomena, O.P., administrative resident at St. Elizabeth Hospital, this week continued her program of visiting the various hospital departments to learn purposes and functions by going to the hospital's laundry department.

Mike Gulash, supervisor of the department, explained that the department has 16 employees with a total of more than 75 years of service. These individuals do all of the laundry for the 240-bed hospital. This includes bed linens, wash cloths, towels, hospital gowns, uniforms and table linens.

Gulash told the Sister that while the new "wash 'n' wear"

fabrics may have eliminated many of the housewives' laundry problems, the hospital's laundry problems still remain.

All of the soiled articles still must be collected, sorted, washed, dried, folded, mended and sorted again and returned to the different hospital departments.

Two large cylindrical institutional washers are used to process more than 77,000 pounds of laundry per month. Eight presses also are in operation. All of the articles are folded by hand, and the mending is done in St. Amanda's sewing room.

Gulash said the laundry department would be able to give better, more economical service in the proposed expansion plans.

Former Dope Addict to Speak at Church Here

Demi Rodriguez, a converted gang leader and dope addict from Brooklyn, N. Y., will speak at the Tri-City Park Tabernacle, 12th and Meridian streets, in the a.m. to 4 p.m.

Subjects covered will include chemical hazards, air contaminants, air samples, standards for clean air, corrosive, labeling, and energy and biological hazards.

Occupational Disease Safety Seminar Planned

An occupational disease safety seminar will be held in Belleville, Sept. 26-30. State Director of Labor John E. Culleton said today. Sessions will meet at Augustine's restaurant from 9 a.m. to 4 p.m.

Subjects covered will include chemical hazards, air contaminants, air samples, standards for clean air, corrosive, labeling, and energy and biological hazards.

Dr. Strange Named To Represent Eastern

Dr. Russell Strange, Acting Head of the Department of Political Science at Eastern Illinois University, Charleston, has been appointed one of Eastern's representatives on the University State Agency Council.

The Council was organized by Gov. Otto Kerner to explore ways in which universities of the state can cooperate with various state agencies, particularly in reference to training and placement of personnel. Dr. Strange's appointment to the Council was made by President Quincy Doudna.

Need More Members Sought

The 1966 club commander, Mrs. Frances Westbrook, said that the present membership of 31 persons consists mainly of these mothers whose sons have already served in the military. She added that the club is making a plea to mothers of servicemen now in Vietnam to join the club, "To help us help our boys."

In the past the Quad-City Navy Mothers have sought out servicemen dismembered in Vietnam, like one 18-year-old-marine who is a triple amputee, and try to help them with donations.

They also send a fruit cake and \$5 to servicemen whose mothers are members of the club every Christmas. Last Christmas the club donated money to allow patients at the Bethesda Naval Hospital, an east coast gathering point for men wounded in Vietnam, to call home.

Site, Not Building For Detention Home

The 11-acre site, not the building of the county nursing home, is proposed for location of the county's juvenile detention home, Theodore Mikesell, director of Southwestern Illinois Metropolitan Area Planning Commission, advised the Press-Record this week.

In an item on SWIMAP's county building report which appeared in Monday's issue, the word "site" was omitted.

The nursing home building at Edwardsville can last only about 15 more years and would not be suitable for a detention home, Mikesell said.

William B. Webb Jr., Granite City assistant township supervisor and chairman of the county board's detention home committee, has enrolled a "committee of 100" citizen group to aid in the promotion of a special tax referendum in November for detention home construction funds.

Driving Charge Filled

Lee A. Cooper, 2404 Sunbury avenue, was charged with careless driving at 3000 Madison avenue about 11:30 a.m. Tuesday. He was summoned for a hearing by Sept. 26.

Four Hubcaps Stolen

Janette Morris, 2762 Washington avenue, reported at 12:15 a.m. Tuesday that four wire hubcaps were stolen off her auto while it was parked at the Bowland lanes after 9 p.m. Monday.

Receives Honors at EU

Constance M. Goff of Madison is one of 94 Eastern Illinois University students to receive academic honors during the summer quarter, it was announced today.

CLASS PLANS BAKE SALE

The September meeting of the Peppy class of the First United Presbyterian Church was held Tuesday evening in the home of Miss Opal McFarland, 1629 Second street.

Plans were made for a bakery sale Oct. 8; each member will bake for the project. A social will be held at the conclusion of the business meeting.

The hostess served lunch to Mrs. Helen Christ, wife of the new minister of the church, and Mrs. Daisy Adams, Mrs. Elizabeth Bucher, Mrs. Mildred Humphreys, Mrs. Nora McCoid, Mrs. Betty Meyer, Mrs. Clova Taylor, Mrs. Gladys Zentgraf, Mrs. Dorothy Leorch and Misses Irene Hackett and Luella McCoid. Guests were Mrs. Rose Darling and Mrs. Melba Keel. Mrs. Bucher invited the members to her home for the October meeting. Games were played and prizes were awarded.

YOUNG ADULT LUNCHEON

The Young Adult circle of the First Methodist Church met Monday at noon in the church basement for a covered dish luncheon prior to a short meeting, the first since May.

Topics were discussed and tentative plans were made for a supper and bazaar in late October, with other organizations of the church assisting.

A donation was made for a mimeograph machine being purchased for the church. Mrs. Kathryn Jones was named chairman of a food committee, with Mrs. Alberta Robertson and Mrs. Sally Maerz serving on the committee.

Mrs. Robertson opened the meeting with prayer. Those seated were Mrs. Doris Paterson, Mrs. Jones, Mrs. Maeras, Mrs. Sue Kosak, Mrs. Thelma Black, Mrs. Betty Ballentine and Mrs. Jean Voegel.

Mrs. Robertson will prepare the lesson for the meeting of Oct. 3. Mrs. Kosak and Mrs. Jones will be hostesses.

MRS. WILMOTH HOSTESS

Mrs. Allie Wilmoth was hostess to the Gleaners Sunday school class of Temple Baptist Church in her home, 1566 Third street, Tuesday evening.

Mrs. Mary Arnold, president, opened the meeting and prayer was offered by Mrs. Lula Duryea. Mrs. Dorthalia Taylor presented the topic, "Holy Family," for the devotional, which was then discussed by the members.

Those taking part were Mrs.

BACK TO LODGE THEME

"Back to Lodge" was the theme of Delta 788 Rebekahs as 26 members and two visitors met at the Odd Fellows hall in Madison Tuesday evening.

Mrs. Erma Graves, noble grand, presided and an election was held, with Mrs. Thelma Stockton named noble grand. Mrs. Leo Mae Salmon, vice grand; Mrs. Estelle McBrien, recording secretary; Mrs. Ruth Hannebrink, financial secretary; and Miss Margaret Brown, treasurer. Trustees will be Mrs. Verna Willman, Mrs. Chloe Maxon, Mrs. Eva Clemens, Mrs. Elsie Vance and Mrs. Naomi James.

A formal public installation will be held Oct. 22 at the hall. On Oct. 11, twenty-five year jewels will be presented to 11 members.

Quarterly birthdays will be observed for July through September at the next meeting, Sept. 27.

Mrs. Graves and Mrs. Naomi James prepared sack lunches, including a pencil and a rule for each member. Mrs. Thelma Hansen of the Nameoki lodge and Mrs. Agnes Ment of the Granite City lodge, were guests.

MIZPAH MEETING

Mrs. Eleanor Mae Bonatt, president of the Mizpah Bible class of the First Presbyterian Church, presided over a monthly luncheon, Monday. The group gathered in the service rooms of the church.

Rev. Frank Christ offered the prayer. Roy Hill and the members held a general discussion on the Book of Romans, particularly the first chapter. Hill meets with the group each month, and Charles Hackett is the class teacher.

OTHER MEMBERS PRESENT WERE

Mrs. Christ, Mrs. Mattie Bosworth, Mrs. Eunice Wilkerson, Mrs. Dorothy Cramer, Mrs. Boris Filcott, Mrs. Gladys Gitchell, Mrs. Pauline Mersinger and Miss Irene Hackett.

An annual ham and bean supper was discussed and is to be held at the church Oct. 15. Rev. Christ dismissed the group with prayer.

DINNER FOR CIRCLE

The Elizabeth Borah circle of

Lesson-Sermon Sunday

A lesson-sermon on "Matter" will be presented at First Church of Christ, Scientist, 2580 Delmar avenue, as well as all other Christian Science churches Sunday.

Speeding Charge Filed

Walter H. Warfield, 200 Lindell blvd., was arrested on a speeding charge at 30th street and Madison avenue at 9 a.m. Wednesday. He was summoned for a hearing by Sept. 29.

First Baptist Church met Tuesday

in the home of Mrs. Georgia Brown. Mrs. Jewel Ratliff presided over the monthly meeting. The program was the "Origin of Jehovah's Witnesses," given by Mrs. Delilah Garrett.

During the prayer service, birthdays of missionaries were noted. Get well cards and sympathy cards were signed by the members to be mailed. The next meeting will be held at the church.

A pot luck dinner was served to Mrs. Ratliff, Mrs. Ora James, Mrs. Mary Myers, Mrs. Garrett, Mrs. Doris Macklin, Mrs. Hilda Jackson and Mrs. Brown. Mrs. Myers was a guest.

YET'S BIRTHDAY

The tenth birthday of Deborah Ann Krpan was observed Tuesday in the home of her parents. Mrs. Krpan and daughter, Linda, decorated the basement of the home in a garden theme, using a covered umbrella and pastel colors for streamers. Balloons were placed throughout the room.

Each girl was presented with a gift by Kathy, a sister of the honored guest, and her cousin, Karen Dobrowski, who assisted with the party. Deborah Ann received a number of gifts.

Those attending included Helen Day, Janice Warchol, Pauli Maron, Jean Dobrowski, Susan Krawiecki, Vicki McMurry, Debbie Kierski, Debbie Votupol, Mary Macko and Helen Jo Zelenka.

STUDENT ELECTION

The Madison junior high school Student Council met Tuesday with the counselors, Mrs. Paul Connole, to elect officers for the first half of the school year. Those elected were Vickie Barkert, president; Chuck Collins, vice-president; Janet Severine, secretary; and Terrie Doza, re-elected as treasurer. The group will meet again in two weeks.

SIU-SW Choral Society Open to Area Residents

The Southern Illinois University-Southwestern Campus Choral Society, with membership open to area residents as well as students, will hold its first rehearsal of the current season at 7:30 p.m. Tuesday, Sept. 20.

Director Leonard Van Camp said all interested singers are invited, and there are no auditions. In fact, singers may enroll in the university and receive academic credit for their choral work.

The first rehearsal will be in Room 1402 of the Peck classroom building on the new campus.

Van Camp said the society's schedule this season will include a performance of "The Christmas Story" by young American composer Ron Nelson on Dec. 4 and performances of Brahms' "Requiem" on May 14 and 15.

DeMolays Attend Meeting Of Area Jurisdiction

Twelve Granite City DeMolays, led by Master Councillor Roger Mathews, attended the Southern Illinois DeMolay Association's jurisdictional meeting held this week at Roodhouse, Ill. Those participating included DeMolays Charles Hileman, Dwayne Pritchett and Joey Vaughn. The group was accompanied by Charles C. Chapman and Charles Meyer, DeMolay advisors, and Theodore Pritchett.

The next jurisdictional meeting is scheduled to be held in November at Mount Vernon. A non-denominational devotional service was conducted by Rev. Jack Thompson of Roodhouse to open the meeting. A business session followed, with Herb McMeans of Carbondale elected master councillor for the Southern Illinois Jurisdiction. Other officers named were Larry Hicks of Mount Vernon, senior councillor and Steve McLamar, junior councillor.

The afternoon hours were spent socially. Entertainment featured a "Club Debonnaire" event which spotlighted dancing to a combo. Several tournaments also were held.

Roger Mathews and David Strobel of the local chapter participated in a bowling contest.

Doctorate Programs Considered for ISU

President Quincy Doudna has urged "thoughtful discussion" among faculty members about the possibility of doctoral programs at Eastern Illinois University, Charleston.

Speaking at the first general faculty meeting of the fall quarter, Doudna said "I do not rule out the possibility that Eastern could offer a Ph.D. in some fields."

The president said more emphasis will be given to a graduate program, and that "there is no reason why we can't move along in the direction of a doctoral program."

Doudna listed the following graduate degrees as already being operational at Eastern: Master of science in education, master of arts in history, mathematics, music and speech, M. S. in physics and speech correction, and specialist in education in educational administration.

He listed the following as having been approved by the board of governors of state colleges and universities and awaiting action by the board of higher education:

Printmaking Exhibit Set at SIU-SW Campus

Carol Summers' contributions to the imagery and technique of printmaking are demonstrated in a one-man exhibition of his work which will be on view in the theater lobby of Southern Illinois University-Southwestern Campus new communications building Friday to Oct. 17.

"In scarcely more than a decade, Summers has become one of the most distinctive stylists in the history of American graphic art," says Elaine L. Johnson, associate curator of drawings and prints at the Museum of Modern Art, New York. "His works at once a massiveness, sensuousness of color and rhythmic strength often more associated with painting than the print."

Summers has been a member of the board of higher education since 1964. He is a member of the M. A. in English and political science, M. S. in botany and zoology, and specialist in education in guidance and counseling.

Doudna estimated the fall quarter enrollment at between 5000 and 5750. An increase in enrollment of nine per cent in 1967 and eight per cent in 1968 has been projected. Eastern has 106 new faculty members this year.

Fall quarter classes began last week.

Weekend for Parents Planned at EIU

CBS News Correspondent Mike Wallace will be the featured speaker at "Parents' Week End" activities at Eastern Illinois University, Charleston.

Wallace is scheduled to speak on "Politics in Focus" during dedication ceremonies for three new campus buildings Saturday in McAfee Gymnasium. The dedication program starts at 8 p.m.

Buildings to be formally dedicated include the Charles P. Lantz Physical Education and Recreation Building, the Telephone and Security building, and the Edson Taylor Residence Hall for men.

Another highlight of the weekend will be a football game with Indiana State University, starting at 2 p.m. on Saturday. The weekend program is designed to acquaint parents of Eastern students with the campus. Other activities include luncheons and dinners, campus tours, a special theater performance, a gymnastics exhibition, an art exhibit, and various departmental open houses.

Campus tours are planned each half hour from University Union on Saturday from 10 a.m. to 2 p.m. Open house in all buildings and departments is scheduled on Sunday from 2 to 4 p.m.

The gymnastics exhibition will be given in McAfee Gymnasium on Sunday from 3 to 3:30 p.m. The drama presentation is "Chitty Chitty Bang Bang" by Ian Fleming and will be given in the Fine Arts Theater at 1:15 p.m. Sunday.

YOUTH FOCUS (Continued on Page 29)

Students Neglect Reports On Grades, Reclassified

Madison county Selective Service officials have reclassified approximately 200 college students to 1-A induction classifications because the students failed to instruct or authorize their schools to report their scholastic ratings.

A spokesman for the board said the county office in Edwardsville has been receiving numerous inquiries regarding changes from 2-S (deferred college student) to 1-A (available for induction). Approximately 85 to 70 Quad-City students and between 100 and 150 in the county have been reclassified.

New procedure for deferment of college students became effective in June at the end of the academic year, with an Aug. 1 deadline for the filing of students' class rankings. These rankings were used for basic consideration of deferment. The new regulations require that the registrant must produce evidence that he is "progressing normally" in his studies.

Board officials pointed out that nationwide qualification tests given last spring were designed to screen those with potential success in their college careers. But passing the test with a grade of 70 or better does not mean an automatic deferment. Selective Service boards check periodically as to the progress of students and either renew or reject deferments on the basis of reports of students' progress.

Many registrants concluded erroneously that their school would automatically furnish the class ranking to the Selective Service boards.

The schools, on the other hand, have categorically classified such information as confidential and will not release it to the draft boards unless instructed or authorized by the students to do so.

Many registrants have called the board office recently concerning their reclassification and have been advised to ask their school registrar to file the information with the board as soon as possible.

To rate a deferment, a college student must rank in the upper one-half of his freshman class, upper two-thirds of the sophomore class and the upper three-fourths of his junior class. A post-graduate student must rank in the upper one-fourth of his class to qualify for deferment.

McKendree Opens New Hall, Social Center

A new residence hall for 100 women and a new campus social center were opened Wednesday as McKendree College began its 139th year of service.

The Methodist-related, liberal arts college in Lebanon is planning for its Sesquicentennial in 1975 when enrollment is expected to reach 1200.

President Edwin E. Voight said a long-range \$10 million master building development plan is under way. The new residence hall and center cost \$500,000. Last year a science building at a \$600,000 cost was inaugurated.

Sites are being prepared for two men's residence halls for 200 occupants and a 600-capacity cafeteria at an expected cost of \$1.2 million. Target date to complete this phase is late next year.

Planning is under way for a new library to be completed in 1968.

The new social center includes a snack shop, a patio, a lounge and facilities for school dances and social events.

Coast Guard to Give Test New Student Week For Entrance to Academy Starts on Sunday At SIU-Carbondale

Coast Guard officials are announcing that applications are now being accepted for appointment to the U. S. Coast Guard Academy.

The first step in this 91st annual competition is cadet to the U. S. Coast Guard Academy, New London, Connecticut, will be the Dec. 3, administration of the College Entrance Examination Board Tests. Of the five service academies only the Coast Guard Academy makes appointments solely on the basis of nationwide competition. There are no Congressional appointments or geographical quotas.

An applicant must be a high school senior or graduate, who has reached his 17th but not his 22nd birthday by July 1, 1967. Senior applicants must complete the high school course by June 30, 1967. A total of 15 units including three units in mathematics and three in English are required for eligibility. Applicants must be in excellent physical condition, between 5'2" and 7'0" in height with proportionate weight, and have at least 20/20 vision in each eye, correctable to 20/20.

The Academy curriculum emphasizes both academic and military training to give the graduate a sound education in the sciences, the humanities, and engineering plus the knowledge es-

ential to be a qualified Coast Guard Officer. Cadets are schooled in fundamentals of atomic science through the use of a digital computer and nuclear reactor located at the Academy.

Extra-curricular activities at the Academy include a variety of clubs and athletics. Intercollegiate Academy teams compete in football, basketball, baseball, swimming, track and other major sports. A comprehensive intramural program also involves the cadets in spirited rivalries.

Coast Guard cadets spend a portion of each summer at sea aboard the bark EAGLE or Coast Guard cutters. While receiving practical training on the cruises, the cadets also have an opportunity to visit such ports of call as Oslo, London, Lisbon, Copenhagen and Antwerp.

During their training, cadets receive \$1767.50 per year. Upon completion of the Academy program, each cadet is commissioned as Ensign in the Coast Guard and awarded a Bachelor of Science degree.

To obtain further information and application forms for entrance to the Coast Guard Academy write Coast Guard Cadet, St. Louis, Mo., 63103.

Three Students Begin As Practice Teachers

Three area students attending Illinois State University, Normal, will begin practice teaching this month.

They are Daniel Hordesky, 2317 Wayne avenue, teaching mathematics at Eureka high school; Lana McDaniel, 3502 Franklin avenue, teaching first grade in Freeman school, Aurora West; and Thomas Lubak, 2003 Beckwith street, Madison, teaching mathematics at Canton high school.

The students, all upper classmen, are Bev Schrader, 2824 Forest drive; Norman Wood, 501 Angela drive; and Sheila Obranovich, 1810 Second street, Madison.

The guides will participate in activities designed to orient the new students with campus procedure. This year there will be an orientation session for parents on Sunday, climaxed by a reception in the University Center ballroom to meet the faculty and staff.

During the week the new students will complete registration, draw their books, receive identification cards and become familiar with the services offered at Morris library.

For recreation there will be several dances and mixers, President Delyte W. Morris' watermelon feast, a style show, a freshman talent show and wheels night the following week.

Religious Foundations To Host SIU Students

New students arriving at the Carbondale campus of Southern Illinois University this fall will be welcomed by the various religious foundations and organizations this weekend.

The Baptist Student Union will hold a rally at its student center. The Wesley Foundation will entertain Methodist students at a buffet supper at 6:30 p.m. Sunday.

The Student Christian Foundation, an interdenominational group, will invite new students to meet with student officers in a three-day retreat at Little Grassy Lake Friday-Sunday.

The SIU chapter of the Inter-Varsity Christian Fellowship, another interdenominational group, will hold a supper at 5 p.m. Sunday at the G. C. Rust home.

Canterbury House, the Episcopal foundation, will have a "cook-out" at 6:30 p.m. Sunday.

A welcome social sponsored by the Newman center will be held for Catholic students Sept. 25 at the center. All of the campus religious organizations will participate in a campus-wide new student program called "Wheel's Night" at 5 p.m. Sept. 30.

Teacher Ends Visit, Returns to California

Miss Linda Ann Lester, daughter of Mr. and Mrs. C. W. Lester, 2729 Washington avenue, has returned to California after a three-week visit with her parents and friends.

She is teaching English at the Mt. Diablo district, College Park high school, Pleasant Hills, Calif. She received her bachelor of arts degree from the University of Missouri, Columbia, two years ago and now is a candidate for the master of arts degree at the University of California at Berkeley. She is living in Oakland.

Park District Offering Fall Tour of Ozarks

Another "first" is being torical interest.

planned by the Granite City Park Harold Brown, park superintendent which will offer a special day excursion through the picturesque Illinois-Missouri river in response to numerous requests. It will be on an excursion on Sunday, Oct. 23. The mental basis at the present time, trip also will include a tour of but, if response is good, the several homes and parks of his event may be incorporated into

the overall park district program.

Three buses, each carrying 45 persons, will make the trip. Brown announced. One of the three already is tentatively committed to a group of senior citizens, he said.

Cost per person will be \$4.75, including round-trip transportation and Sunday dinner at Ste. Genevieve, Mo. Reservations may be made by calling the park office, at TR 7-3059.

Boarding at 9 a.m., at the 27th and State streets side of Wilson Park, excursionists will proceed south on U. S. Highway 61 to Ste. Genevieve, Mo., arriving about 11 a.m. Located approximately 88 miles south of St. Louis, the community has many historical buildings which may be toured, Brown said. Passengers will have their midday meal there, re-boarding the buses at 1:15 p.m.

The tour itinerary will then take the group across the Mississippi River at Chester, Ill., and proceed northwards to the Pierre Menard historic home, built in 1802. Menard, for whom the state penitentiary is named, was an early Illinois territorial official and the first lieutenant governor of the state.

Enroute home, the buses will stop at Fort Kaskaskia and Fort Chartres state parks, arriving back in Granite City about 6 p.m. Brown said that should the response to the day-long outing exceed the 135 available reservations, a second trip over the same route will be arranged for the following Sunday, Oct. 30.

"At that time of year, the countryside will be colorful and the weather usually is pleasant, so we hope that local residents will take advantage of the excursion," the park official said.

Nov. 8 Election-Battle of Many Ballots

The office of County Clerk Elvira Thurber has begun preparations for handling one of the most complex elections in Madison county history when voters go to the polls in the Nov. 8 general election, it was reported today.

The Nov. 8 election not only will be a battle between candidates, but also a "battle of the ballots" so far as the clerk's office is concerned.

The office not only must print, distribute and then tabulate returns on seven different area ballots, to determine the election of national, state and local candidates, but also will handle five other referendum and amendment ballots. Each will be separate.

Because of redistricting which divided the townships of Madison county into seven different districts areas, the clerk's office is preparing seven different candidate ballots, all of which will be printed on white paper. Each ballot must be delivered to the polling places of the respective area in which they are to be

cast, and must be kept separate from each other in subsequent tallying of results.

Two State Referendums
Two Illinois amendment referendums also are to be voted upon. One is a proposal to revise the Illinois Banking Act and will be printed on pink paper. The other, a constitutional amendment to revise the Illinois Revenue act and to determine the question of whether county sheriffs and treasurers may or may not succeed themselves in office, will be on a blue ballot.

Voters also will mark a green ballot on a judges' retention proposal, involving the question of retaining associate circuit judges whose terms expire this year.

Two special referendums will be conducted in connection with the general election. These include a proposal to establish a Mental Health district for Madison county, and a proposal to build a county detention home, which includes all persons who become inmates of age by Nov. 8, who have lived in the state one year, in the county 90 days and in the precinct 30 days.

determined. The choice of colors for any kind of ballot to be cast in a general election must be consistent with the Secretary of State's office at Springfield.

Set Absentee Deadlines
The clerk's office must have ballots available no later than Sept. 24 for mailing to applicants for absentee ballots who are in military service. Such applicants may continue filing requests for absentee ballots until Nov. 3, five days before the date of the election, Miss Hotz explained.

Under this year's election calendar, Oct. 10 will be the first day that civilians may apply for an absentee ballot, in person or by mail. Nov. 3 will be the last day to apply for an absentee ballot by mail and Nov. 5 will be the last day for applying in person for an absentee ballot.

Oct. 11 will be the final day for registration of new voters, which includes all persons who become citizens of age by Nov. 8, who have lived in the state one year, in the county 90 days and in the precinct 30 days.

Hospital Board Plans To Expand Tours

Expansion of dinner-tours of St. Elizabeth Hospital to familiarize Quad-Citians with the hospital's present facilities and needs were agreed upon Monday afternoon during a meeting of the Lay Advisory Board.

The tours, which begin with dinner in the hospital cafeteria arranged by a sponsoring group or individual, include inspections of the various departments of the hospital and even the operating rooms—if they are not in use.

Marjorie Thompson, hospital administrator, stressed the need for a social worker for the hospital staff to meet situations that arise in the community.

She explained that use of United Fund agencies staffs would increase in the number of renewal applications, examinations and traffic law conviction reports, all of which must be processed by the key punch section of the Drivers License Division, which has in many cases, not allowed sufficient time to deliver the new license before the expiration of the old one.

For the months of May, June and July, renewal applications, examinations and conviction reports increased by 254,000. Renewal applications were up by 151,000, examinations by 45,000 and conviction reports by 58,500 Powell said.

Youth, Man Fined, Two Charges Pending

Larry N. Miller, 17, of 820 (rear) Grand avenue, was fined \$20 plus \$5 costs after he was arrested Monday on a curfew violation. He faces two other charges—unlawful use of a weapon and improper display of a state license.

A companion, John J. Ballantine, 25, of 1601 Third street, Madison, was fined \$20 plus \$5 costs for giving permission of improper association of unlawful acts.

Illinois Plan Group

To Meet on Sept. 20th
The annual membership meeting of Illinois Metro East will be held at Skaggs in Wood River on Sept. 20 to hear a report on election of directors and to select an officer nominating committee.

Chester L. Baker, president of Tri-City Printing Co. here and president of the organization, said members attending the noon luncheon meeting also will hear reports by committee chairmen.

Muffler Charge Filled

Aaron D. Wilson, 2109 Alexander street, was arrested at 1:30 p.m. Monday at St. Clair avenue and Nameoki road on an improper muffler charge. He was summoned for a hearing by Sept. 26.

Driver License Renewals Faster on New Forms

Notices of the approaching expiration date of driver licenses will be mailed prior to the 30-day requirement of the law in order to give drivers the benefit of a full 30 days notice, Secretary of State Paul Powell announced today at Springfield.

The law requires only 30 days before the expiration date, but expiration of the law with the notification program since its start July 1 has shown that many of the old applications are not returned to the state office until only 10 or 15 days remain before the expiration date.

Because of a substantial increase in the number of renewal applications, examinations and traffic law conviction reports, all of which must be processed by the key punch section of the Drivers License Division, which has in many cases, not allowed sufficient time to deliver the new license before the expiration of the old one.

For the months of May, June and July, renewal applications, examinations and conviction reports increased by 254,000. Renewal applications were up by 151,000, examinations by 45,000 and conviction reports by 58,500 Powell said.

Douglas Campaign Tour To Include Bellemore

U. S. Senator Paul H. Douglas, continuing his fast-moving campaign for re-election, will appear in this vicinity numerous times within the next few days, including a rally at the Bellemore Villa-A. Ranft, chairman, said the rally shopping center in Granite City at 7:30 p.m. Wednesday, Sept. 21.

Douglas will appear with Vice-President Hubert Humphrey at 6 p.m. tomorrow at East St. Louis high school.

The senator's schedule for this Saturday includes late afternoon visits to Edwardsville and Collinsville shopping centers and a 7:30 p.m. gathering at Sunset Hill Holiday Inn. A rally will be held at 7:30 p.m. Sunday at Lincoln-Douglas square, Alton.

Douglas will appear at Springfield, East St. Louis street corners Monday and Wednesday, and at Augustine's, Belleville, at 7:30 p.m. Monday.

Driver Fined, Jail

Charles Reisinger, 2021 (rear) 14th street, was fined \$100 plus \$5 costs Tuesday for driving while his license was suspended and was sentenced to seven days in jail. Also during his hearing in magistrate's court here he was fined \$10 plus \$5 costs for driving too fast for conditions.

City License Arrest

Amos Johnson, 4007 Kirkpatrick Homes, was charged with having no city license sticker on his auto at 1 p.m. Monday. He was fined \$5 plus \$5 costs and purchased a license.

for the three-month period alone. The total of those items received in that period was 815,000, including 241,000 renewal notices, 276,000 examinations and 298,000 conviction reports. Personnel in the key punch section have been working a six-day week to keep up with the volume.

Drivers will receive faster service if they will use the notification form, which is also an application blank, for renewal of their licenses, instead of the old application blank. Processing the new form requires only 26 hand operations as against a key punch operation, whereas the old form requires 140.

Drivers who have submitted their applications on the new form should not follow them up with a second application on the old form as the expiration date of the current license nears, as this only delays delivery of the license.

Another important point is that drivers be sure the application form is filled out, signed and notarized.

About three to five percent of all applications received have to be returned because of incomplete information, Secretary Powell said.

Port District to Issue Annual Report in 30 Days

Members of the Tri-City Regional Port Authority met in a brief session Monday afternoon and voted approval for port's annual report to be published when completed by an auditor. Carl A. Ranft, chairman, said the report should be available in 30 days.

Ranft said Port Manager John Barron, who suffered a slight stroke several weeks ago, is recuperating at John Cochran Veterans Administration Hospital in St. Louis, and is expecting to return to his office here within a short time.

Woman Falls, Injured

Marian Fitzgerald, 41, of St. Louis, suffered a two-inch cut to her left hip at 9:10 p.m. Monday as she was walking out the door at 1838 Poplar street. She fell backward into a storm door and broke the glass. She was taken by ambulance to St. Elizabeth Hospital for treatment. Four sutures were made and she was released.

More Moves Here than Away during August

The Quad-Cities area population gained by eight during August in movement by individuals and families, according to a tabulation by the Associated Retailers.

The August moves included 89 into the area, 81 out of the Quad-Cities, and there were 276 moves recorded within the area.

Most of the persons moving to the Quad-Cities were from other areas of Illinois, although there were two arriving from France and one from Germany. The moves here from other areas of Illinois numbered 30, with an additional 12 coming to the Quad-Cities from East St. Louis.

Coming here from across the river were 20 Missourians; and those arriving from other states were four Texans, two persons each from Arkansas, Michigan, Kentucky, Indiana and Pennsylvania, and one each from Mississippi, Oklahoma, New York, Kansas, Georgia, Wisconsin, New

Jersey, Florida and Colorado. Persons moving out of the Quad-Cities included 39 to other areas of Illinois and five to East St. Louis. There also were 15 moves to Missouri.

Other favored states were Ken-

tucky, 5; Tennessee, four; and Indiana and Ohio, three each. There were two moves each to Arkansas and Florida, and one each to Iowa, Washington, Oklahoma, California, Pennsylvania, Texas and Michigan.

New Voters to Register Saturday in Mitchell

A special registration period for residents of the Mitchell area will be held Saturday at Hawk's Store from 10 a.m. to 6 p.m. Persons planning to register as new voters or who wish to change voter registration records may do so during that time without traveling to the county clerk's office at Edwardsville. Deadline for registration or record corrections is Oct. 11 for the Nov. 8 general election. Similar registration periods will be conducted by deputy registrars in various business locations and public offices in the Quad-City area through Oct. 8. Registration also may be made at the county clerk's office.

Seek Realignment Of Postal Areas

Assistance of the U. S. Post Office Department will be requested by the Metro-East Chamber of Commerce Association in a program to realign postal delivery areas in southwestern Illinois. It was decided Monday night in a Mecca meeting at the Highway House Restaurant in East Alton.

Members of the association pointed out that many cities in the area are experiencing delays in mail delivery due to unreasonable boundary lines. Ford Goewert, executive secretary of the Tri-Cities Chamber of Commerce, said, as an example, that mail directed to a resident of build road just south of Madison goes first to East St. Louis, and then to Granite City before it is delivered.

Francis M. Carr, executive director of the Alton Chamber of Commerce, was instructed to write to the U. S. Post Office Department requesting that an investigator meet with local officials to discuss the problem and check delivery area boundaries. Such problems exist particularly in the Granite City, Collinsville, Alton and Edwardsville areas, it was noted.

The Mecca meeting, attended by 14 area Chamber representatives, also heard reports on preliminary plans for publication of a 56-page newspaper supplement next spring concerning facilities of the Southern Illinois University, Southern campus. Publication of the supplement will coincide with opening of the university's new communications building.

Goewert discussed plans for a "Leaders' Workshop" that will be held Thursday, Sept. 28, at McKendree College, Lebanon. The program will be the first in a series of six such meetings to be held within the next year under auspices of the Illinois Association of Chambers of Commerce. It will be an all-day event, starting at 9 a.m. and adjourning at 3:30 p.m.

MEMORIAL PLAQUE made by comrades of Pfc Gene Chepely in Vietnam being displayed by his parents, Mr. and Mrs. Gasper Chepely.

Comrades Send Plaque To Family of Pfc Chepely

A plaque made from brass of an artillery shell case and native Vietnam wood has been received by Mr. and Mrs. Gasper Chepely, 4023 Lake drive, in memory of their son, Pfc Gene Edward Chepely, who died of wounds suffered in action in Vietnam on Feb. 6. The plaque was sent to them by members of the 28th Infantry Battalion, who received through the mail.

It was inscribed: "In memory of Pfc G. E. Chepely, G. Co., Second Battalion 28th Infantry, Black Lions of Contingent Vietnam from his comrades." An accompanying letter from Lt. Col. Kyle W. Bowie, commander of Chepely's battalion, expressed regret over the loss of the soldier and the hope that the plaque would remain a proper memorial to their son.

A member of the famed 28th Infantry Battalion, Pfc Chepely was engaged in a search and destroy operation at the time of his death. A lifelong resident of Granite City, he attended local schools and enlisted in May 1964. He had been in Vietnam five months.

SIU Gets Tax Fund Grant For Crime Study Center

Southern Illinois University will supplement the training of corrections staff members through a \$100,000 grant to the Carbondale Campus from the Office of Law Enforcement Assistance, U. S. Department of Justice. The funds will be used by SIU's Center for the Study of Crime, Delinquency and Corrections to develop training materials on the campus here and to evaluate these materials for corrections personnel during a two-year period.

The center will concentrate on developing training materials over and above those ordinarily used and probably will fall into such areas as communications and attitude development, according to John E. Grenfell, project director for the Law Enforcement Assistance agency, who has been at SIU since July.

He said that the center will draw on the university's areas of communication, education, psychology, recreation and sociology to assist training officers in building effective tools and programs.

The center will spend six months developing the materials, then will test them during a nine-week institute starting in March for 18 staff training officers. Also to be held in the spring are an institute for 45 correctional officers and a one-week workshop for prison administrators. Director of the SIU project is Charles V. Matthews, also director of the SIU center. Matthews, named director in 1965, previously had been assistant director and head of a delinquency study project on the SIU-SW campus. He arrived at SIU from the University of Chicago, where he had an assignment with a Quincy Youth Project in which SIU is now cooperating. He is author of a study on school dropouts for the U. S. Office of Education.

The center, which provides training for students and conducts workshops, conferences, and institutes for persons holding corrections and crime prevention positions, was established at SIU in 1961. Its first director was Myrl E. Alexander, who left Southern in 1964 to become director of the U. S. Bureau of Prisons.

Southern's President Delyte W. Morris last May was named representative of the National Association of State Universities and Land Grant Colleges to serve on the Joint Commission on Correctional Manpower and Training. Benjamin Frank, former SIU Center director, recently was named to the staff of the joint commission.

Signs and Sayings

JOHN W. ALLEN

Southern Illinois University
Students of history, both written and folk, have gathered and passed along to succeeding generations masses of vague beliefs, impounded fears, baseless superstitions and countless threadbare theories of many kinds.

Many of these have been firmly believed, then altered or replaced by others equally strange. That body of sayings, signs and strange beliefs often have served as guides to behavior.

Men and dogs have been associated about as long as traces of either can be found. In all that time enough man-dog lore has accumulated to fill a few volumes. One such book, "God Had a Dog" is impressive.

The sayings meant to guide, caution or encourage in the boy-meet-girl, fall-in-love, choose-a-mate, and the getting-married steps that frequently end the cycle also has been a long one. Anyway it has been in operation long enough to produce its thousands of items. Some of these, particularly those applying to weddings are offered here.

Weddings and Storms
The weather, that universal subject of conversation, takes its prominent place in wedding lore. It seems that, first of all, those planning to wed should consult a reliable almanac, if such there be, and by its use select a proper interval of weather. There should be no thunder at the hour chosen. Such an occurrence would definitely indicate a stormy and tempestuous married life. Moreover, a woman married on such a day will be a poor housekeeper.

That bad weather sign of ill omen can not so easily be evaded by choosing a rainy day. Snow falling on the wedding coach going to church is equally indicative of unpleasantness the couple soon will part.

One is assured, however, that snow falling on the marriage couch leaving the church assures happiness.

All in all, rain must be worse than snow, for there are other sayings that tell us rain on the day preceding or following that of the wedding day is equally indicative of domestic turbulence, and clearly points sorrows to follow.

Just as it was being concluded that with Southern Illinois weather so varied and rapid in change it would be somewhat surprising to marry here two ways of hope appeared.

One clearly recorded in the same listing definitely assures us that, "A new joy comes with every raindrop on your wedding day."

The second was the smiling assurance of the nurse then doling out my unwelcome ration of pills in the hospital that "It rained all day when I was married, and I'd go right back and do it all over again." Then the snow sign got a severe rap when a snow sign was found saying "Blessed is the bride on whom the snow flakes fall." All things considered it hardly seems fair to blame the weather for so much domestic turbulence.

Seamstress Slip

One stray sign leaves a slight horror. It says that if the seamstress sticks a finger and a drop of blood thereby stains the wedding gown the bride eventually will be murdered. No statistics were given to prove the correctness of the statement.

Sayings were found to indicate that the wedding solemnized while the hands of the clock are going up are most likely to be successful and the more so if the "I do's" are said on the even hour. It is the more so if the day of the wedding comes during the full moon.

In fact, the more signs and sayings one gathers and considers,

ers, the more confusing the whole problem becomes. By one belief handed down the bride may, perhaps should, remove and replace her ring before leaving the church. By another direction she should not remove it until a year has passed. Some full believers insist it never should be removed.

All are agreed, however, that the dropping of the ring during the ceremony is unfortunate.

Leaving the church and entering the new home, likewise, have ritualistic features that are observed.

A bride leaving the church should step over the threshold right foot first. This also should be the observation to be followed upon entering the new home.

Some, however, insist that the groom carry the bride across the sill at the new home. All of this seemed very well until one writer, evidently with military training, said the left foot leads.

The girl catching the bride's bouquet will be the first to marry. Cases have been known where the bride, purely by accident of course, tossed her bouquet directly into a waiting friend's outstretched arms.

This could go on endlessly. Only try to see a dove or lamb on the way to the church and do not allow a crow to cross the pathway. Always look and listen for the signs and sayings you want.

A granddaughter's approaching wedding started this. The bride's bouquet will be the first to marry. Cases have been known where the bride, purely by accident of course, tossed her bouquet directly into a waiting friend's outstretched arms.

U. of I. Football Game
Tickets Now Available

Persons who have ordered tickets through the Granite City park district for the Sept. 24 Illinois Missouri football game at the University of Illinois, are being asked to pick-up their tickets at the Wilson Park office as soon as possible.

Harold Brown, park superintendent, said today that 11 seats remain out of a total of 135 tickets.

Three buses will depart at 8:30 a.m. Saturday, Sept. 24, for Champaign, leaving from 27th and State streets at Wilson Park shortly after noon hour. Brown said that arrangements have been completed for local football fans to purchase a post-game meal at the Heritage House in Springfield.

Total cost of the football excursion per-person is \$12. Brown said, including a \$5 reserved stadium seat; \$4.75 round-trip transportation cost; and a \$2.25 "all-you-can eat" smorgasbord dinner. The bus caravan is expected to return to the departure point about 8:30 p.m.

Services Today
For J. D. Simpson, 39

Funeral services were held today at Doniphan, Mo., for John D. Simpson, 39, of 2411 (rear) Benton street, who died of cancer Monday, following an 18-month illness.

A Merchant Marine in world war II, Mr. Simpson also was a veteran of the Korean War. Before becoming ill, he had been employed on construction projects in the Quad-City area.

Surviving are his parents, Mr. and Mrs. Ernest Simpson, of the Benton street address; one sister, Mrs. John (Margaret Ann) Lemmon of Freeland, Mich.; six brothers, Emil W., Joseph Allen, James Robert and Donald A. Simpson, all of Granite City, Richard Francis Simpson of Saginaw, Mich., and George Edward Simpson of Freeland, Mich.; and his grandmothers, Mrs. Elizabeth Fisher of Doniphan and Mrs. Anna McCauley of Washington.

Catholic Charities Provides Emergency Care

Catholic Charities, a family welfare agency of the Tri-Cities Area United Fund, is designed to provide assistance in emergencies on a non-sectarian basis and to provide counseling with trained caseworkers.

The agency, which has its offices at 2012 Delmar avenue, is budgeting \$33,500 for expenses next year, an increase of \$1500 over last year's budget.

Expenditures in 1965 amounted to \$2,462, based on a total income of \$62,734, which included \$31,500 from the United Fund and \$31,234 from institutional and foster home care and client refunds.

The expenditures include \$13,988 for salaries, \$235 for office and building maintenance, \$2323 administration expenses, \$43,797 for food, clothing, medical care, payments for institutional care and financial assistance allowances.

Rt. Rev. Msgr. William J. Cassin is director of the agency staff which includes two case-

workers, Mary A. Beardslee and Lorraine Parkinson, and a secretary, Corrine Kreher. Management of the agency is handled by the office of Catholic Charities of the Diocese of Springfield, Ill.

The staff aid families with problems of emotional, marital or financial nature and also offers services for child adoption and foster home placement, referred by county courts.

During 1965, the agency handled 693 cases involving 3812 individuals. Of the total, 516 were family welfare cases and 177 were child welfare.

The family welfare problems included 476 miscellaneous cases, 20 involving unmarried mother and 10 for marriage counseling. The child welfare cases included 29 adoptions, 11 foster home placements, 48 involving homes and 118 for miscellaneous problems.

This year, the agency is aiding 70 youngsters—21 in the Catholic Children's home in Alton, one in

2012 Delmar avenue. The volunteers are members of the Ladies of Charities.

CD Police to Compete in Pistol Matches

Four members of the Granite City Auxiliary Police Corps will compete Sunday in a pistol shooting tournament at West Frankfort, Ill. The event will be held with the Southern Illinois Civil Defense Association's quarterly conference.

Victor H. Koenig, Granite City civil defense director and SICDA president, will preside at the business meeting. Representing the local auxiliary police in the pistol match will be Chief John Becker, Capt. Harold Mayfield, Lt. Jesse Berry and Patrolman Arthur Polite.

The tournament has been arranged to inaugurate a new firing range in Franklin county. The shoot will be conducted under the supervision of John Bryant, West Frankfort police chief and Franklin county auxiliary police director. Several Southern Illinois auxiliary police

groups are expected to compete for trophies and other awards.

Also attending the conference from here will be Floyd T. Mitchell, an assistant CD director and local communications chief. The program will include discussions on construction of civil defense emergency operating centers and the amount of federal matching funds available for such projects and newly devised plans for the RACES communication network.

How Viets Beat France

(Second of three columns on Vietnam by Dr. Russell P. Strang, a native Granite City man who is associate professor of political science at Eastern Illinois University, Charleston, Ill.)

A member of the University-State Agency Council and a retired Air Force colonel, he is the Illinois American Legion delegate on the Boys State Commission.)

We should recognize Ho Chi Minh as a dedicated Communist leader with an international reputation. He is not a sterling character. George Washington, he was a founder of the French Communist party.

He understands leftist politics in the West. This knowledge gives him power in applying his double-barreled pressure on the military front and the homefront. Indeed, the front is everywhere. In 1941, the Japanese moved into South Vietnam and the French led the indigenous forces to oppose their occupation. The French were dispersed and Ho remained as the rally point, hence his early position as a Vietnamese national hero.

Colonialism issue used. In the course of time, the allies globally were victorious and the French returned to Southeast Asia. Shortly thereafter, the forces clashed with the French. The French moved down 6000 Vietnamese as an object lesson in 1947.

At this point, all the forces of nationalism, anti-colonialism, Communism and decency gathered around "Uncle Ho" against the nineteenth century imperialism of France. For almost eight years the battle raged. At the same time unrest, psychological sabotage, and overt demonstrations in Paris and in other urban areas took the fabric of society exerting political pressure on the government in France. After all, Uncle Ho was familiar with the turmoil of French politics and the excitement of horror as the demonstrations escalate into mob violence and anarchy.

Daring Military Plan
The military plan in an effort to give some inspiration or hope to the middle-of-the-roads in France, and in reality to public opinion generally, decided on a daring military operation. The military sent a force of 15,000 troops to an exposed position in North Vietnam at Dien Bien Phu, and hoped for a set-piece battle by enticing the reg-

ular divisions of Ho under General Vo Nguyen Giap to give an open battle. They got it.

Giap, who is still Ho's top general, moved in his forces and concentrated his strength. Bristling artillery appeared as if out of nowhere—they were largely American guns left behind in China by the retreating Nationalist Chinese.

Gradually the French perimeter shrank. It was a real siege, ending in a death march for the captured survivors.

U. S. Considered Intervening
The United States had been asked for increased support by France and finally for an air strike at Dien Bien Phu.

American policy asked for some form of internationalization of the fight and a clear renouncing of former colonial ties by France. The price was not paid. However, on April 3, 1954, Senate Majority Leader William Knowland was reported to have shown enthusiasm for intervention. In contrast, Senate Minority Leader Lyndon Johnson had a go-slow attitude and suggested that Secretary of State John Foster Dulles consult potential allies. Allies were not to be found.

With the fate of Dien Bien Phu sealed and the pressure mounting on the homefront, the French position was one of doom. At the same time, the Korean War had been fought to a standstill. The Communist bloc had decided on a strategic respite.

Korean Fighting Halts
The Korean cease-fire was negotiated during the same time period of an agreement in France. For almost eight years the battle raged. At the same time unrest, psychological sabotage, and overt demonstrations in Paris and in other urban areas took the fabric of society exerting political pressure on the government in France. After all, Uncle Ho was familiar with the turmoil of French politics and the excitement of horror as the demonstrations escalate into mob violence and anarchy.

The introduction to the composition had been the full of China, which led to Opus Number One, Korea, and Opus Number Two, Vietnam. The coda of the composition really was for the French to have face—this was to be Geneva.

The musical figures of speech here are used in lieu of the "domestic theory" expression. The meaning is the same.

\$7 Billion Annual Space Race Cost

The following letters have been received by the Department of State:

Approximately how much is the United States spending for the space program each year? I would also like general information on the space race and two terms paper in class.

D. C. Cantolita, S. D. The money spent by various U. S. agencies for space programs for fiscal year 1966 and planned for fiscal year 1967 is as follows (all figures in millions of dollars):

NASA*	5,606	FY67
DDO*	1,600	
AEC*	1,640	
WB*	201	
NSF*	43	

Total 7,446, 7,154
*NASA—National Aeronautics and Space Agency; DDO—Department of Defense; AEC—Atomic Energy Commission; WB—Weather Bureau; NSF—National Science Foundation.

It is difficult to judge who is winning a race when the participants are using different rules, race tracks and contestants. Enclosed are a list of "firsts" achieved by the United States and Russia in space and two speeches by Americans who have been close to the United States space program.

Could you advise me on the attitude of the Soviet Union with respect to copyright law? I have compositions performed publicly in Russia? I seem to recall reading some time ago about the prospect of a change or modification of their non-recognition of the right of copyright owners to compensation for such works.

J. S. New York, N. Y. Dear Mr. S.: The Soviet Union is not currently a member of either of the international copyright conventions, nor do we have bilateral copyright relations with the Soviet Union.

As a result, the Soviets regard all American copyrighted works as being in the public domain, and these works are used without authorization or the payment of royalties.

Government Centralization Boosting

Washington Up the Population Ladder

There is something a bit awe-inspiring about the way in which the Washington, D. C., area is climbing the ladder of metropolitan complexes on U. S. Census Bureau charts.

Now only eight regions from the top, having passed the Pittsburgh and St. Louis metropolitan centers during the first half of the 1960s, the federal governmental headquarters has growth prospects that can be realistically viewed only as excellent.

There is Parkinson's law, you know (a governmental agency will grow each year regardless of what its assigned task may be). And trade associations, unions and other organizations have a way of gravitating "where the action is" governing their activities and aspirations.

Los Angeles-Long Beach has been regarded as the best growth rates in the nation, 6.4%, but still lost ground, due mainly to Washington's rapid rise.

With the pattern of increasing concentration and continually expanding governmental services, Washington (2,130,000 people) may soon be catching such metropolises as San Francisco, Oakland, Boston, Detroit and Philadelphia. Wonder if they'll have to end the present ban on skyscraper buildings to find room for everybody?

Legion of Fighting Men Now Includes Several Generations

Congressional extension of American Legion membership rights to men who have served in the armed forces during the Vietnam war was an appropriate step. Just as in the Korean war, which for years was officially designated as only a "conflict," the men who do the fighting find small wars every bit as trying and hazardous as big wars.

From one standpoint it is fine that the Legionnaires have an opportunity to bring younger men into an organization composed primarily of those in the 30's, mid-40's, 60's and 70's. But it is sad that new generations find the key to peace and justice as elusive as in the past.

Vigilance will ever be the price of freedom. But it would be a blessing if mankind could someday find itself in such an enlightened era that it no longer had a legion of men whose valor had been tested on the field of battle.

When the going gets tough, the tough get going.

TODAY'S INVESTOR

BY THOMAS E. ORR
Chairman, Board of Trustees
National Association of Investment Clubs

FACTORS IN INVESTMENT DECISIONS EVALUATED
Q. My wife and I have a combined income of \$18,000 before taxes and we are attempting to determine the best method of investing—either a mutual fund, a monthly investment plan or some other systematic program. We own about \$6000 on a \$30,000 home, have \$3000 in a mutual fund and \$5000 in a small business investment company which is not successful.

A. Also, we have about \$12,000 in a local investment group, another organization of very moderate success. We would like to invest a minimum of \$100 monthly during the next 10 years, possibly in a mutual fund. What do you suggest?

A. The charges in the mutual fund you mention are probably as moderate as any you will find. The fund is new and relatively small, but it is managed by one of the nation's best informed financial service organizations. While this does not guarantee it will have an exceptional record, the fund does seem well planned and organized to meet its participants' needs.

I think you might well invest in it, but I suggest you confine your commitment for a few years to a moderate part of your total investment program. Ordinarily I favor an individual's investing directly in one of our major corporations. However, if you are not sure you have the opportunity to buy more at favorable prices in the future,

you may be better off in more mutual funds. Since you have many investing years ahead of you, you might consider purchases in a couple of funds that emphasize growth. Your banker can put you in touch with some of his investment people or a good broker who can help you select the right funds.

Q. My husband is being transferred, which means we must sell our home. He expects to receive about \$9000 in cash from the sale. We also have 140 shares of A. T. & T. My husband's employer.

Would it be better for us to put the \$9000 into more A. T. & T. and use the stock to cash out in buying another home, or should we sell the 140 shares, put that money with the \$9000 and make a down payment on the new home?

A. Interest rates are unsettled these days and changing rapidly; it is difficult to tell what they will be six months from now when you make your change. Considering your youth and your past savings record, and assuming there is no great shift from the present situation, I do not believe you would be making any great mistake in buying your new home with the lowest down payment possible, placing your excess funds in good securities.

Since you already have a good holding of A. T. & T. stock and your husband's employer will have the opportunity to buy more at favorable prices in the future,

Challenging Tasks Face Granite City In Utilizing Federal Grant For Sewers

"Granite City surely does not want to become the proverbial rabbit which lost the race to the turtle. Now is the time for far-sighted and aggressive leadership by our 16 aldermen and mayor."

This Press-Record editorial comment in March has been followed by significant progress, up to a point.

Taking advantage of its five-year head start in sewer planning over most municipalities, Granite City on Aug. 11 qualified for \$1,500,000 in federal tax funds for sanitary and stormwater sewer construction on a matching basis. In the meantime, it had formed a new council sewer committee composed of an accurate cross-section of the aldermen. And on Aug. 22 a start was made toward naming a citizen committee to aid in formulating plans and seeking public approval.

One of the most encouraging developments this year was the unanimous support given by council members in late March 10 vote authorizing the mayor to file the first sewer fund application. Continued unanimous backing by the responsible officials will be essential in order for Granite City to succeed in resolving its most basic problem—drainage.

The stage is now set for the city to implement the program. But, remembering the "hare and tortoise" race, the time element must be kept in mind. The first \$1,500,000 grant is from funds allocated for the 1965-66 fiscal year that ended June 30.

Immediate tasks include:

1. Selecting the phases of the 1961 plan still needed to solve the chief sewer problems in all parts of the city.

With much of the industrial use of sewers at an end, this must be done well below the original estimate, despite the inflation occurring since 1961. But the sewer construction program undoubtedly should be more extensive than the \$3 million phase (half federal funds and half local) that could be carried out with the initial Housing and Urban Development Department grant.

2. Scheduling a bond issue election of a size that can meet all the major sewer needs.

Since Granite City has excellent chances of obtaining another \$1,500,000 or more from the 1966-67 federal appropriation, and additional grants later, the ballot should outline the total program, divided into phases that would be carried out only as matching funds become available.

3. Organizing a widespread volunteer citizen effort to help acquaint voters with what is proposed.

In their presentation to the public, officials and citizens could show how grouping of the various projects would assure benefits for all parts of the community, as well as eliminating cost and trouble of conducting multiple elections.

A vital program, soundly financed and thoroughly understood. These three elements together with a fourth—aggressive leadership—can do the job.

Will there be leadership this fall?

We hope so, because all Granite Cityans have much at stake in the goal of adequate drainage. And its accomplishment can assure continued growth, perhaps even beyond the 10% rate recorded by the Census Bureau during 1960-65.

80% Vietnam Vote Turnout, 30% in Madison County

Despite threats and murders, an estimated 80% of the South Vietnamese voters took part in the 117 assemblyman elections. Those chosen will write a new constitution for the war-torn nation.

Encouraging no terrorism aimed at keeping them from the polls, 30% of Madison county voters took part in the June 1966 primary election. We suggest Madison county residents ponder the meaning of Citizenship Day this Saturday.

Citizenship Day -- Will It Be Just Another Saturday to Quad-Cityans?

(World Book Encyclopedia)
Saturday, Sept. 17, is Citizenship Day. For many citizens, the reaction is: "So what."

Which means that you never miss the water till the well runs dry. Even if you were born an American citizen, you are descended from people who weren't. They became citizens through the difficult processes of immigration and naturalization, except for some who became citizens of the United States by means of a war.

For those people, citizenship was not a "so-wha" proposition. It was one of the most important things in their lives. Citizenship means full membership in a country. A country and its citizens are not separate.

Citizenship involves both civic and political rights, as well as civic and political duties. Bills of rights in the United States Constitution are state guarantees of rights to all Americans. A child possesses all civil rights, such as the right to worship in any foreign place, the moment he is born.

I think you ought to consider diversifying your holdings by buying shares in other companies. Should the current price situation continue, the stock market until you make your move and sell your home, good values in other areas will be available.

Science and the Quad-Cities

Tracing Sound in the Silent World

Seemingly bent on turning himself into a fish at any cost, man has devised ways to breathe, move about, and defend himself under water.

At laboratories in Stamford, Conn., acoustical research should soon make it possible for him to hear with the same directional ability that he enjoys in the open air.

The ability to locate the source of a sound depends on the delay in the time of arrival of a given sound at each ear. Since sound travels at 4 1/2 times faster under water than in the air, the delay is shorter and the ears cannot correctly interpret it.

Moreover, in the air, the head offers certain impedance to sound (heads are denser than air). Under water, however, the head's impedance to sound and that of water are nearly the same.

To One Ear, Out the Other
The result is that sound quite literally goes in one ear and out the other without being slowed down enough for the ears to locate the source.

In "The Journal of the Acoustical Society of America," Benjamin B. Bauer and Emil L. Torick report the results of their experiments with electronic circuitry that artificially restores the delay time.

When connected to special underwater microphones (hydrophones) and miniaturized, this circuitry ought to allow underwater man to perceive the direction of arrival of all sounds with in the normal frequency range of hearing.

They raised good melons at it. Pug, a voter of Madison County made it quite evident at the primary that they like the variety of "Mellon" raised in the Granite City. They put the "biggest Mellon in Madison County" across for the Republican nomination for clerk of the circuit court. And Jack Mellon is expected to be the next circuit court clerk.

The entertainment committee also.

The members were entertained in the home of Mrs. Carl Conary on Edison Avenue with Mrs. Lillian Chapey as co-hostesses. Following a business session, games provided entertainment for all and other guests at a noon luncheon in the church basement preceding the regular program.

Mrs. Ruth Chism, president, welcomed the guests and "Our Church" was the devotional theme. There was a piano solo by Miss Marie Laue and Mrs. Lloyd Davidson read the poem, "Sanctuary."

Another feature of the program in keeping with the general topic for the day was a play entitled "Devotions at the Little Brown Church." The stage setting was a realistic church scene, and those taking part were Mrs. Ann Kallemeier, Mrs. Allen; and Mrs. A. H. Bishop, flower secretary.

Mrs. F. L. Sager will be in charge of the Bible study, quiz and Mrs. E. Camp is the teacher. Most of the officers were re-elected.

First Monday is the retiring meeting. She presided at the meeting and the devotional service and Bible lesson were led by Mrs. George Herrin.

Twenty-six members and a guest, Mrs. Harry Brown, were served refreshments by the hostess committee, composed of Mrs. Arthur Evans, Mrs. T. A. Brown, Mrs. Mary Ward and Mrs. George Herrin.

Past Clerk of the Pythian Sisters held their first fall meeting. Mrs. George Herrin.

The business session, presided over by Mrs. Chism, took place after five new members were enrolled. They were Mrs. Thelma Baker, Mrs. Maurine Anthony, Mrs. Matilda Seib, Miss Mildred Buene and Mrs. Christine Soelke.

Citizenship Day—first proclaimed by President Truman in 1952—falls on a Saturday this year. . . . a day for golf, for football, for closing the summer cottage, for raking up the first leaves of fall.

But it might be well to stop a moment and think of the people who won for you your citizenship in this "Nation of Immigrants." They were enrolled. They were Mrs. Sager.

And think, too, of the people who will raise their right hands this Citizenship Day and take the oath of allegiance to the United States—the first step in becoming a naturalized citizen—the step that never-endingly repeats itself.

"I hereby declare, on oath, that I absolutely and entirely renounce and abjure all allegiance and fidelity to any foreign prince, potentate, state, or sovereignty, of whom or which I have heretofore been a subject or citizen; that I will support and defend the Constitution and laws of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance . . ."

Do the folks you might even murmur that to yourself this Citizenship Day.

Don't Leave Dogs in Rural Area
To the Editor:
Our part of the county is going to the dogs.

This is our true situation. We live in the county on Chouteau Slough road, and all year around we get a never-ending supply of dogs and cats—big ones, little ones, and big ones with little ears. Recently we got five in a pack. These started on our chickens, and then our cats. What next? Our children?

What are we to do? No one seems to have any jurisdiction over these animals. We have Edwardsville and Granite City humane officers have both been called again and again. "It isn't our area," we are told.

As a result, we have taken dog after dog over to the pound ourselves. But this pack is too big. We are at the present shooting at these dogs to keep them away. But how far longer will they let our fish overrule their hunger?

We aren't dog haters, but these aren't average dogs. They are vicious. We are sure they should be severely punished. It costs nothing to take a dog to the pound. Then they are fed and taken care of and have a chance to be adopted. When dumped, they have no chance but to turn wild and find their own food. So, who's to help us with our overflow of unwanted dogs, and cats too?

Legion Group Honors Couple

Mr. and Mrs. Henry Reading, who recently celebrated their 50th wedding anniversary, were honored at a pot luck dinner given by the Past President's Parley of the American Legion Auxiliary 113 Monday evening. About 45 members and guests attended.

Mr. and Mrs. Reading were seated at the head table with their son-in-law and daughter, Mr. and Mrs. Clifford Holshous and grandson, Mark. Mr. and Mrs. Elzie Breckenridge and Mr. and Mrs. Chester Breckenridge, who celebrated golden wedding anniversaries several years ago. The guest table was decorated with white and gold and with golden flowers and candles in candelabra.

On behalf of the group, Mrs. Georgia Kramer presented the couple with a "money" tree from their friends. Mrs. Ella McKitt, president of the Past Matrons Club, and Mrs. Mildred Rees, chaplain, offered special prayers for the occasion. A toast was given by Mrs. Edna Brantcomb and Mrs. Minnie Grob recited a poem. The remainder of the evening was spent at games.

Gabriel Shrine 78 is Host To Officers of District 24

Gabriel Shrine 78, White Shrine of Jerusalem, was host to District 24 of Illinois at an official visit of Sojourner Margaret W. McWhorter of Sharpville, Pa., supreme worthy high priestess, of the Order, and Kendall North, Chicago, supreme watchman of shepherds Monday evening at the Masonic Temple.

Mrs. Katie Penstock, worthy high priestess of Gabriel Shrine and Tony Johnson, watchman of shepherds, were in charge of arrangements for the evening and dinner was served at 6:15, followed by a compulsory inspection and meeting.

Appolos Shrine of Alton opened the meeting, and the Supreme Worthy High Priestess and her escorts were introduced. A song was sung to the guest of honor as she was escorted to the East.

Fred Kruger of Cedar Shrine, Belleville, a past honorary supreme watchman of shepherds, and Elmer Hibler, supreme second and wice man, also were introduced, as were all supreme appointed and honorary officers.

Mrs. Mary Young, worthy high priestess of Appolos Shrine, and Richard Young, watchman of shepherds of the same Shrine, with their officers were in charge of the opening ceremony.

After the officers of the host Shrine took their places the ceremonial was held, and six new members were received. They were Mrs. Elsie Lung, Mrs. Wilma Sellers, Mrs. Louise Meador, Mrs. Caroline Lindsey, Deneen Hinkle and Mrs. Helen

14,000 GC Students; Group Transferred to Lake School

Transfer of a group of pupils from new Parkview grade school to Lake grade school was the principal adjustment necessary to accommodate these reporting for the new school year, Supt. Russell D. Johnson advised the school board Monday night. Enrollment for the first time exceeds 14,000.

The transfer involves the residential area east of Highway 111, south of Pontoon road, west of South Lake drive and north of the railroad tracks. The area was assigned to Stallings grade school until this fall.

"They will have a greater degree of permanence at Lake school than at Stallings, since the immediate growth potential is less at Lake than at Stallings, where we are faced with growth

Granite City PRESS-RECORD
Page 34 Thurs., Sept. 15, 1966

In Quiet Valley and Lakeview Estates," Supt. Johnson told the board.

Rapid Population Growth

"It is unfortunate that we could not determine this last spring, but this is an area of very rapid growth. The situation at Parkview was unworkable; a projected enrollment of 430 turned out to be 520."

A delegation of three mothers bringing a petition signed by 33 persons representing 23 families conferred after the transfer with Supt. Johnson, who assured them there would be no further changes for their area in 1966-67. The petition also was shown to

County School Supt. Wilbur Trimpe, who declined to intervene.

Supt. Johnson said enrollment topped the 14,000 mark by one pupil in the tabulation as of Sept. 6.

2661 at High School

Included were 2661 at Granite City high school, 1011 at Coolidge junior high, 843 at Prather junior high and 669 at Central junior high.

Elementary enrollments before the transfer included 777 at Mitchell, 711 at Nameoki, 665 at Maryville, 623 at Frohark, 609 at Washington, 594 at Logan, 588 at Webster, 580 at Wilson, 538 at Marshall, 536 at Niedringhaus, 519 at Parkview, 391 each at Emerson and McKinley, 362 at Lake and 313 at Stallings.

"Our total enrollment on the first full day of school was 13,767, compared to 14,000 on Sept. 4," Supt. Johnson related.

"This compares with enrollments of 13,276 and 13,481 on corresponding dates in 1965. The increase of 520 is somewhat misleading since it includes 125 in Project Little Off federally-financed instruction, but it still represents a gain of 395 over last year."

74 Bus Routes

"We have 74 bus routes and may find it necessary to add an additional bus route or two. Also, some bus readjustments need to be made."

An additional half-day kindergarten class has been created at Parkview, with Mrs. Martha Delevski, 4048 Stearns avenue,

hired for the position. She has a bachelor degree from SIU and six years of teaching experience.

Other instructors hired Monday night were Mrs. Sylvia Ellen Cross, 4062 Vesel avenue, bachelor degree from the University of Minnesota, and substitute

teaching experience, Nameoki first grade class; Mrs. Carolyn A. Vane, Edwardsville, 1965 bachelor degree, also a Nameoki first grade class; and Mrs. Catherine Kravaneck, Hartford, bachelor degree from Clarion State College in Pennsylvania and five years of experience, Webster second grade.

James P. Presley, 2917 Denver street, was employed as a custodian. The board also gave Supt. Johnson authority to employ a second custodian from the top of the present list of eligible applicants.

Mrs. Shirley M. Brown, 1632 Moro avenue, was hired as a

secretary in the administrative office, replacing Mrs. Pat Moore, who is resigning effective Sept. 30.

New GCIS Rooms In Use

In discussing the addition of a new building, Supt. Johnson noted that the high school has begun using the seven new classrooms on the second floor of the new cafeteria building. The new cafeteria itself is not yet in use.

Study Revenue Amendment

Board members and administrators will attend a dinner meeting Sept. 21 at Edwardsville high school of the Southwestern division, Illinois Association of School Boards. Topics will include the proposed Illinois constitutional revenue amendment.

Central Christian Church was authorized to use parts of Frohark grade school for a district youth meeting.

Project Liftoff 1966-67 funds are being sought through the state, which will take formal ac-

tion in October or November, the board was told.

Letters thanked the school system for allowing the Quad-City Church Softball League to use diamonds at Wilson and Lake schools this summer and for co-operating in the Illinois state junior sports jamboree held here in August.

Supt. Johnson said 742 teaching vacancies, including 236 elementary, have been reported by 873 Illinois school districts in a newly completed survey.

It was noted that Board Member Ronald Dillard, a former local teacher, has joined the Alton school district faculty.

Eden Seminary Will Offer Adult Courses

Four evening classes for adults will be offered this fall to residents of the two-state metropolitan area at Eden Theological Seminary. In addition, two of the courses will be repeated weekly in Belleville.

On Monday evenings, beginning Sept. 26, at the Seminary in Webster Groves, Dr. Saul Nord will conduct a course, "The Inner and Outer Worlds of Childhood: Reality and Fantasy in Child Development." At the same time, Dr. Lionel A. Whitson Jr. will teach a course called "The Christian and the Old Testament."

The Tuesday evening courses will be "New Theology," led by Dr. Allen O. Miller, and "Counseling: Christians in Conversation," which will be taught by Professor Oscar J. Rumpf. (Enrollment in the latter course is limited.)

The courses at Eden Seminary will be two-hour sessions, beginning at 7:30 p.m. The two courses offered at Belleville will be Dr. Whitson's and Dr. Miller's and will be held on Wednesday evenings at the St. Paul United Church of Christ.

Further information may be obtained by calling Mrs. Helen Wardman at Eden Seminary, Woodland 1-3827.

Bloomquist to Study Music At Conservatory in Germany

Army Specialist Four Donald K. Bloomquist, 26, will resume his career in music next week at the Frankfurt-am-Main Conservatory of Music, Germany, following his discharge Saturday from the U. S. Army, at Frankfurt. He is the son of Mr. and Mrs. Earl Bloomquist, 2403 Adams street.

A talented pianist since the age of 11, Sp4 Bloomquist has studied under several well-known music educators, including Prof. William Schultomer of Washington University, St. Louis. He is planning to spend the next 12 months studying organ with Prof. Helmut Walcha, a distinguished musician at the Frankfurt Conservatory.

Bloomquist enlisted in the service in 1963 after his graduation from Washington University with a degree in music. He also is a graduate of Granite City high school where he was a member of the National Honor Society.

While stationed in Germany, Bloomquist served as a chaplain's assistant at the U. S. Army's 97th General Hospital, in

DONALD BLOOMQUIST

his off-duty hours, he continued with his music education, tutored by assistant professors at the Frankfurt Conservatory.

He was accepted by Prof. Walcha as a pupil on the recommendation of his other conservatory instructors. Bloomquist also has taught piano to military personnel and German civilians during his tenure at Frankfurt.

On completion of his studies in Europe and possible additional instruction here at home, Bloomquist hopes to teach piano and organ at the college level, his father reports.

Steelworkers Holding Constitutional Meeting

Possible bargaining revisions and methods of avoiding government intervention will be discussed by the United Steelworkers of America at a constitutional convention extending through Sept. 23 in Atlantic City, N. J.

Lloyd McBride, regional director, said before leaving for the sessions. McBride noted that the international union's committee negotiates with a nine- to 13-member coordinating committee representing mining, steel, and aluminum and can industries contracts are negotiated company by company, with different spokesmen for each contract. The Steelworkers also go through the coordinating committee in dealing with certain local disputes, he related.

For next week's phase of the constitutional convention, A. J. Schwander of Local 67, Granite City Steel, will serve on a constitutional policy formulating committee.

Other delegates are to include Robert Means, Local 484, Dow Chemical Co.; Elvin James, Charles Boyle, Dock Franklin and Jesse Rainwater, Local 1022, General Steel Industries; Archie White and Theodore Thomas, Local 1063, American Steel Foundries; Vasil Mihov, Local 16, Granite City Steel; Alex Skubish, Local 30, Granite City Steel; James Kelahan and Ed Bayer, Local 67, Granite City Steel; and Paul Clark, Floyd Smith, Dan McPherson, Howard Bilbrack and Gregory Flynn of the Laclede Steel Co. plants.

Also attending will be Thomas Griffin, Granite City sub-district director, and Clyde Boyd, George Becker, Buddy Davis and Paul Crain of the sub-district office. An attendance of 3000 is expected at Atlantic City, and a gathering of similar size is anticipated at the annual AF-CIO convention opening Sept. 26 in Chicago.

Speakers there will include Vice-President Humphrey, Gov. Kennedy and U. S. Assistant Secretary of Labor Esther Peterson.

Sept. 30 Deadline to Get Same Car License Number

Only 15 days now remain for motorists who wish to retain their present license numbers to submit their applications for 1967 registration. Secretary of State Paul Powell said today.

Car owners seeking reassignment of their numbers have a Sept. 30 deadline for having their applications in. This means that the applications should be mailed at least two days before that date to assure their arrival there on time.

All information requested on the application must be submitted, the owner's signature must appear and the application must be notarized, Powell advised. Omission of any of these items will require that the application be returned to the owner for completion, causing delay and

possible loss of a desired number. Mailing of the black and white reflectorized license plates will begin on Nov. 15, but owners are prohibited by law from displaying the 1967 plates until Dec. 1. Over-the-counter sales of plates in Springfield and Chicago will begin Dec. 1.

Area Census to Guide Church Planning

The Tri-City Ministerial Alliance religious census was launched yesterday with the distribution of survey forms in area churches.

A census form, which includes questions of family size and church preference, appears elsewhere in today's issue of the Press-Record. The Alliance requests that the copy appearing in the Press-Record be cut out, and completed for pickup on Saturday, Sept. 17.

Rev. David Maxton of the First Presbyterian Church of Granite City, publicity chairman for the census, said that out of 50,000 forms printed for distribution, he has approximately 1000 left. Rev. Maxton said that in addition to those forms given to church members, and those printed in the Press-Record, he has the cooperation of area business concerns for distribution.

Markets Giving Aid
The forms will be placed in grocery bags at the following supermarkets:

National Food Store, 2328 Madison avenue; Krogers, Nameoki Village Shopping center; Kozysak's Market, 2600 Nameoki road; the A & P Market, 2018 Madison avenue; Bellemeor Village Tri-City Grocery and the Venice Tri-City; and Schermer's Market, 1125 Madison avenue.

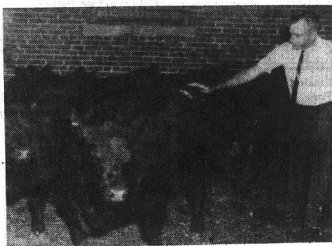

Forms will also be distributed with purchases at the Farm Fresh Dairy store, 2928 Madison road. Other business concerns co-operating in the distribution are: Illinois Power Co., Niedringhaus and Delmar avenues; Granite City Trust & Savings Bank, 1909 Edison avenue; First Granite City National Bank, at 20th and Edison avenue; W. T. Grant store, Nameoki Village shopping

center, and the Aro-Dressed Food Corp., through their milk products home delivery division.

Purpose of Census
Rev. Maxton said that figures obtained from the survey will aid religious organizations to best determine how the churches can serve the people in the southern half of Madison county.

He added that the problem of people moving from one community to another has caused area churches great difficulty in knowing how to contend with a fluctuating membership. Facts derived from the survey forms will allow churches to formulate possible solutions to problems like inter-community movement of residents.

The completed survey forms will be picked up on Saturday, Sept. 17, when volunteers from area churches will begin collecting them at 9:30 a.m.

Banks in State Bid High for State Funds

More than a thousand Illinois banks have bid the highest rates in history for state deposits. State Treasurer William J. Scott said today. Five-hundred million dollars of regular state funds will be allocated based on the new bids, with the amount to be divided as evenly as possible between Cook county and downstate Illinois.

Bids for one-year time deposits ranged from 4 1/2% in the small downstate communities to a record high of 5 1/2% bid by the major Chicago banks.

The new rates, which start Oct. 1, will increase the state's

County Medical Society Plans for Health Week

The Madison County Medical Society will be taking an active part in the state-wide Community Health Week observance, Oct. 16-22 and will be outlining detailed plans during a meeting Oct. 3 in East Alton.

During the special week the Medical Society will initiate an all-out information campaign aimed at informing the public of the critical shortage of personnel in the medical profession and related fields and encouraging youth to explore job opportunities in health occupations.

Locally the Madison County Medical Society will place displays in area hospital lobbies and will have brochures available for displays.

Doctors will be available to speak before organizations in the community to explain opportunities available with health careers.

More MFT Funds Available On Basis of New Census

An all-time high payment of \$6.20 per person per year is now being paid by the state to incorporated cities and villages in repayment of motor fuel taxes, it was reported at Springfield this week.

Under the law governing motor fuel tax collections, cities and villages receive 32% of the total motor fuel tax collections each month.

Cities and villages are repaid their share of the gasoline tax—5 cents on each gallon of gas and other motor fuels—on the basis of their populations.

However, the population in any city must be certified by the Federal Bureau of the Census to the Illinois Finance department before payments are made. Most cities and villages still are using

the 1960 Federal census as a basis for computation of their repayment.

Some municipalities, however, have secured a special Federal census to qualify for more Federal money and, in some instances, the increase amounted to as much as 45%. According to state records, 142 cities and villages have obtained recent census figures to increase their income in such manner. Granite City conducted a special census in 1964. It obtained added MFT funds for five years prior to the 1960 U. S. census.

In the opinion of some officials, many other cities could obtain an increased repayment by bringing their official census figures up to date, but these cities either are unaware as to how to proceed or do not realize they can.

To do so, according to C. F. Aiken, superintendent of the division of accounting in the Illinois Finance Department, a city first should have sufficient evidence there is a population increase within its corporate boundaries. The city then should write to the U. S. Bureau of the Census, Washington, D. C., in the quiring as to how it may have a special census.

The letter will be forwarded to the U. S. Bureau of the Census regional office at Chicago which will get in touch with the city to advise it as to cost and procedure. The bureau will permit cities to hire qualified personnel to take the census, but it must adhere under the same rules and regulations governing a regular census.

Filcoff Receives Award, Completes Study

Boris Filcoff, 1307 Iowa street, was awarded his eighth consecutive national quality award for life insurance underwriting with the John Hancock Life Insurance Co. He also has been notified that he has completed the fourth of five parts of study leading to a C.I.U. designation.

The award and notification were announced by Glenn Abernethy, staff manager of the Granite City staff, for the company.

Kozyak Gets Prime Beef At 4-H Club Auction

William Kozyak, owner of Kozyak's Market, 2600 Nameoki road, who along with most packers and buyers for food store chains attended the recent annual 4-H Beef Marketing Day at the National Stock Yards, has completed several purchases. During the marketing day, 200 cattle raised by 100 4-H farm boys and girls representing 23 Missouri and Illinois counties, were auctioned off for a total of \$49,088. Kozyak through General Grocers jointly bought 17 cattle with an average weight of 1100 pounds.

He said that all the cattle were choice and prime grade and have been pampered by the 4-H boys and girls.

His cattle is to be slaughtered and used by a packing house and then the local store's butchers will process the individual sides of meat for sale in the local store.

The marketing day, aside from providing an outlet for the sale of the cattle, also gave 4-H members a chance to judge the value of cattle and learn feeding and raising methods. Included in the program were an explanation of USDA cutout meat grades and participation by the audience in evaluation.

"This is the first 4-H Marketing Day that I have attended, but because of the high quality meat sold at the auction, I will be at the next one," Kozyak said.

Battlefield Promotion For Charles Thomason

A local Navyman has received a battlefield promotion while serving with the First Amphibian Tractor Battalion, U. S. Marine Corps, at Da Nang, South Vietnam, according to a citation forwarded to his relatives here. Charles Aron Thomason, 31, whose wife, Sarah, and three children, Mickey Sue, Larry Joe and Luci Rachel, live at 1738A Cleveland blvd., was meritoriously promoted to hospital corpsman second-class. The 14-year Navy veteran is believed to be only the fourth Navy personnel meritoriously promoted in the field in the past 16 years.

Equivalent to a Naval petty officer rank, the promotion was recommended by Marine Lt. Col. W. D. Pomeroy and resulted from action involving the Marine Battalion near Da Nang in late May. Thomason was with the battalion when the Marines were ambushed, sustaining four killed and 43 wounded.

According to a letter received with the promotion citation, the local man rescued a Marine sergeant who had been shot off a tractor, dragging him to safety just prior to the vehicle being demolished with mortar fire. Thomason also was instrumental in helping to capture a machine gun position and a Viet Cong prisoner.

In subsequent action, the amphibian group sustained 75% casualties while engaged in "Operation Macdon," with Thomason receiving shrapnel wounds in the right hand.

The hospital corpsman has served in Vietnam since last December. He attended Granite City and Madison schools before joining the Navy, immediately prior to his Vietnam service, he was based for five years at Cherry Point, N. C., and before that was stationed for six years in Hawaii. He expects to remain in Vietnam until early next year.

Pvt. Ashley Completes Administration Course
Army Pvt. Lawrence P. Ashley, 24, whose wife, Kathleen, and mother, Mrs. Dorothea E. Ashley, live at 1737 Third street, Madison, has completed a six-week administration course at Fort Leonard Wood, Mo.

He was trained in the preparation of military records and forms. Instruction was also given in fundamentals of the Army filing system, typing and operation of office machines.

ORDINANCE NO. 19

AN ORDINANCE AMENDING ORDINANCE NO. THREE (3) AND ESTABLISHING NEW TRADING CHARGES FOR THE SERVICES OF THE WATERWORKS SYSTEM OF THE PONTON BEACH PUBLIC WATER DISTRICT OF MADISON COUNTY, ILLINOIS.

WHEREAS, the Ponton Beach Public Water District by Ordinance No. 3 passed and approved on the 12th day of June, 1959, established certain rates and charges for the services of said District, and it is now desirable that said rates and charges be amended, and

WHEREAS, the financial situation of said District makes it feasible to no charge said rates, and

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE PONTON BEACH PUBLIC WATER DISTRICT OF MADISON COUNTY, ILLINOIS, AS FOLLOWS:

SECTION 1: Section of Ordinance No. 3 is hereby repealed and the following is substituted in lieu thereof:

"Section 1: That the following rates and charges for the use and services of the waterworks system of the Ponton Beach Public Water District based on the amount of water consumed are hereby established:

For the first 2000 gallons per month or less: \$2.75 per month. For the next 2000 gallons per month: \$3.00 per month. For all over 2000 gallons per month: \$3.50 per month. Minimum charge: \$2.75 per month.

Whenever, for any cause, a water consumer fails to operate, a reasonable estimate shall be made by the Chairman of the Board of Trustees of the amount of water supplied during the period such meter fails to operate and the user shall pay a rate based in whole or in part on the estimated amount of water supplied."

SECTION 2: Section 3 of Ordinance No. 3 providing for a delayed payment charge of ten percent (10%) of the amount of water bill, if the same is not paid by the 10th day of the month in which it becomes due and payable, is hereby repealed.

SECTION 3: Section 4 of Ordinance No. 3 is hereby repealed and the following is substituted in lieu thereof:

"Section 4: If any bills or charges for the services of the waterworks system shall remain unpaid on the 25th day of the month following the mailing of the bill, the water supply for the lot, parcel of land or premises affected shall be cut off and shall not be turned on again except on payment in full of the delinquent charges thereon. There shall be a reconnection charge of \$5.00."

SECTION 4: That the ordinance shall be in full force and effect from and after its passage and approval as provided by law.

All ordinances and parts of ordinances in conflict herewith are hereby repealed.

ATTEST: THE BOARD OF TRUSTEES OF THE PONTON BEACH PUBLIC WATER DISTRICT this 10th day of September, A.D. 1966.

Special Guest to Give Program at SIU-SW

Russell Curry, who has a dancing and etiquette school in Boston, will make a return visit to Southern Illinois University-Southern Campus Sunday, when he talks to freshmen students and their parents as part of the New Student Orientation Week program.

On his 3 p.m. program Sunday in the Lovejoy Library cafeteria, Curry will give a demonstration of the latest dances and dance etiquette.

Curry appeared last year for the first time as part of the university's orientation activities. The Sunday program is Parents' Day and is set aside to give mothers and fathers a preview of the college life on which their children are embarking.

Teacher Hospital Insurance Award To Prudential

The Granite City school board Monday night chose the Prudential Co. to provide hospital-medical insurance coverage for all certificated employees. Estimated yearly cost is \$51,000.

Over 50 proposals were initially considered, and these were reduced to two which were considered Monday night. Annual cost of a Blue Cross-Blue Shield program was estimated at \$57,000.

Supt. Russell D. Johnson told the board there was little basic difference between the two plans. "For short hospital stays, the Prudential bid is better; for long stays, 20 days or more, Blue Cross is better," he commented.

Prudential has designated Donald Harmon and Stanley Brown as agents who will handle the company-administered plan. The school administrative staff will maintain the detailed record of insured persons and verify that claimants are eligible, with Prudential then paying the claims directly.

"The premiums are quoted on the basis of a hypothetical group and may be changed as a result of alteration of the group to be covered," Supt. Johnson said.

"The original group included all employees, whereas it will now include only the certificated. It should also be remembered that for subsequent years these rates may change due to the experience factor."

Maintenance employees decided against participation in the plan, under which the school system will pay the cost for the school employee as an individual. The employee has the option of paying the difference to obtain coverage for his entire family.

Coverage Outlined

Basic coverage under the Prudential program will be as follows:

Hospital—First \$500 of hospital expense paid in full. Money may be expended for any regular hospital charge, with room cost restricted to semi-private room rate. Payments for doctors' visits are not included.

Surgical—Schedule provides for payment of about 80% of normal charges for surgical procedures. Major medical—Payment of

State Sesquicentennial Event Planned by County

Madison county will participate in the Illinois sesquicentennial in 1968, it was decided at a meeting of the county board Tuesday morning at Edwardsville.

The board heard reports from Ruel Starr, a member of the State Sesquicentennial Commission, on preliminary plans for the celebration of the state's 150th birthday. He said each of the 10 counties is being asked to stage a celebration of its own to implement state-wide programs.

He described plans already being made by some counties. Starr said the kickoff for the celebration will be held July 4, 1967, and another major event will be held the following July 4.

Certain celebrations will be staged in connection with anniversaries of events which had an effect on the state. A volume on the history of the state and a three-volume set of the best historical writing will be available. Auto license plates will announce the observance, Starr said. Comments also were presented on the economic aspects of the observance, Starr said. Harold Landolt, board chair-

man, is to appoint a board committee and a steering committee composed of members of civic, fraternal and governmental organizations and any other interested groups to plan the county observance.

hospital costs in excess of the initial \$500 per confinement on an 80%-20% basis to a maximum of \$10,000 per person, with reinstatement privileges and automatic restoration. For out-of-hospital medical expense, in-hospital doctors' charges and excess surgical expense, 80%-20% financing after expenditure of \$100 per year by and for the individual.

A \$100 deductible clause does not apply to emergency care. There is a maximum of two deductible per family each year, and the used portions of the \$10,000 maximum per individual are automatically reinstated at the rate of \$100 a year.

Maternity—Basic benefits total \$300, with major medical coverage for complications.

Dependents—Coverage for dependent children without age limit as long as the dependent is a student, and to age 19 if not a student.

Approximate monthly costs are \$6.85 for an individual, \$15.47 for an employee and his wife and \$20.29 for an employee, wife and children. The same costs under Blue Cross-Blue Shield would have been \$7.64, \$21.98 and \$21.98.

A delegation from American Federation of Teachers Local 743 attended the board meeting but did not take part in the brief discussion of the insurance program.

Tie Vote Broken On Contract for School Fuel Oil

Presence of only six Granite City school board members Monday night almost resulted in a deadlock on award of a 1966-67 fuel oil contract.

A motion to accept a low bid of 7.14 cents a gallon on No. 5 fuel oil from the Apex Oil Co. lost on a tie vote, President Monroe Worthen and Board Members George Moore and William Harris voting affirmatively and Board Members Ronald Dillard, Carl Macios and Dr. E. W. Walton dissenting.

The next motion, to accept a 7.19-cent bid from Joseph Reidy, led 5-2 on the votes of Dillard, Macios and Dr. Walton. President Worthen, conceding the tie, said "we've got to have fuel oil," and voted favorably and it carried 4-2.

Performance by the two firms in past years was discussed prior to the voting.

About 50,000 gallons is to be purchased, and the difference between the two bids amounted to about \$250. Both parties agreed the source of supply the Shell refinery at Wood River.

Board Member Royce Timmons arrived later in the meeting.

No. 2 fuel was bought from the Sinclair Refining Co. on its low bid of 10.39 cents a gallon. Delivery will be by the Harrison firm.

Coal, Petroleum Gas
Stoker coal for Stallings and Webster schools, and the Logan school annex will be bought from Tri-City Coal & Ice Co. on its low bid of \$9.95 a ton, up \$1.05 from last year.

Liquefied petroleum gas for the Mitchell school cafeteria will be purchased from the Progas Co., Granite City, on its low bid of 12 cents a gallon.

Three driver training cars will be provided by Elledge Motor Co. at a charge of \$2.50 for each oil change, \$2.50 for washing, \$12.50 a unit for installation and removal of dual driving controls, and a \$2.50 maximum monthly charge per car on miscellaneous charges, such as tuning, brakes and oil filters. There will be no charges for maintenance, such as tires and seat covers.

Other bid awards were as follows:

Science Supplies—Aloe Co., \$175; Welch, \$61; Fisher, \$44; Cenco \$16 and Science Kit, Inc., \$9.

Door mats—City Janitor Supply, total of \$97 for 15 mats at gradeview grade school; also designated as supply source for remainder of the year.

Water coolers—General Electric Supply Co., total of \$788 for five water coolers and one side-mount accessory.

Frozen fruits and vegetables—Lombardo's Wholesale vendor for cherries, frozen orange juice and topping; Sea Pass Corp. vendor for shredded potatoes, mixed vegetables, corn and peas.

Window blinds—Ken-Mar Venetian Blind Co., \$1937 total for 38 blinds at Parkway school, 14 blinds for the Granite City high school cafeteria building, 10 blinds for Central Junior high school, 25 blinds for GCHS, 10 cloth shades at Central, eight shades at Stallings school and replacement cloth for five windows at Washington school.

Lockers and benches—Medart Products, \$1410 total for 128 lockers at GCHS, 60 at Coolidge Junior high and 36 at Prather Junior high; All-Steel Equipment, \$230 for 84 feet of benches at Coolidge.

Electrical supplies—Harry's Wall Paper & Paint Store, \$672, and General Electric Supply, \$69.

Construction Materials—Construction materials—Holekamp Lumber Co., four-month supply source at bid prices.

Vehicles—National Auto Supply Co., supply source for 12 months.

Construction Materials—Due to abandonment of the Project Carry On Junior high school instructional program, no purchases were made from bids on reading aid equipment and audio-visual equipment.

The board also bought a reconditioned "selectric" typewriter for \$275 from the IBM Co., and 16 fire extinguishers for a total of \$196 from James L. Lewis & Associates for the 10 portable classrooms. It placed use this fall and four stations in the classroom area of the GCHS cafeteria building.

City Janitor Supply will provide a \$77 vacuum cleaner to be used on carpeting in the portable classrooms.

Powers control will supply a \$213 valve assembly for the line supplying water to the GCHS boys' gymnasium shower room.

Lucky Not Lucky
Lucky G. White, 18, of Collinsville, was fined \$50 plus \$5 costs Tuesday on each charge of driving while his license was suspended and using someone else's license. His hearing was in the local magistrate's court. White was arrested by Granite City police.

Hill-Run Truckee
Damages Face, Pole

A tractor-trailer truck driving out of an alley in the 1000 block at Third street, Venice, tore down 20 feet of fence and jarred a utility pole loose at 2:30 p.m. Monday. The driver fled the scene before police arrived.

The fence was damaged in the yard of Michael Leatherman, president of the Venice school board, at 1831 Third street. Mrs. Leatherman stopped the driver immediately after the accident, police reported, but when she went to call authorities the driver left.

6 Zoning Requests OK'd by County, Denial for Trailer

There is something new brightening the horizon of campers and hikers.

The plan, originating on a local level primarily through the efforts of John C. Brunjes, himself a dyed-in-the-wool camper, field director for the Tamarack Chapter of the National Campers and Hikers Association, Inc., St. Clair County, bears the label of "Illinois Travel Ambassadors."

The program roughly calls for the designation of certain chapter officers of N.C.H.A., as "ambassadors" to assist in a phase of the Illinois State Department of Tourism distribution of informative literature designed specifically to enhance travel and travel in Illinois, the "Land of Lincoln."

N.C.H.A. members, on the road or camping at day's end, are generally conceded to be a friendly, friendly, long on informality, with at least some gossipy blood in their veins.

Information Swaps
Notes are taken, comparisons made, maps checked, road information indulged, as new friends are made.

Today's campers, be they in a state park or other camping facility, are much like the Conestoga wagon of old, camped in a circle for Indian protection on the plains.

Comaraderie builds fast, family to family. Most of the campfire talk centers about the day's experiences on the road, the probability of tomorrow's itinerary, troubles, joys, problems, suggestions.

Here is where Brunjes' plan comes into full force on the road.

Valuable Service
With the tremendous growth of families who enjoy camping and traveling as a hobby today, more tourist information is badly needed—factual information that has real worth to the family on tour. Travel information can of course be found in some hotel-motel lobbies, shopping centers, a few service stations; but generally these outlets miss the great percentage of camper-tourists.

A new source of road information must augment these sources, presented to the traveling public at the camping park level rather than in the congestion of

Illinois Campers Forming Travel Ambassadors Group

men who turn the tag by working in the field, spreading the Illinois tourism story while on the road, because they love it.

This is a suggested program for enhancing the prestige of N.C.H.A., chapters through the medium of providing a valuable and much-needed service to the American camping public. Needed as well are regional centers where up-to-date information can be had on local camps, roads, trails, game laws, etc.

The camper with the "Ambassador" tag of literature at his campsite will have this information to give gratis to his fellow camper. A second regional spot, say a cooperating auto service station or garage on the highway.

Today, there is no directory or other tangible indication that an N.C.H.A. chapter exists in any given area. The Travel Ambassador, will of course be familiar with chapters, campsites, public and private facilities within a reasonable radius of his home. He will be able to direct a fellow camper to some particular cooperating agency in the town in question.

There are campers today des-

perately in need of such information as they pass through unfamiliar territory. Similarly, many campers urgently require equipment repairs and don't know where to get them. The Travel Ambassador won't be a cure-all for all of the troubles, but get enough of them on the road, and their knowledge will alleviate much of the guesswork now found in camping, day to day.

This is the idea behind Brunjes' idea of the free information kit and the license sticker.

Approved by the Region 8 Tourism Council of Illinois, Brunjes' Travel Ambassador program is fast being accepted by campers and tourists alike. Once the plan of the license-tag identification and the racks of literature set up at campsites gets national impetus, it will be a tremendous aid to all people on the road.

Special Designation
For practical reasons, it is suggested that the designation of Illinois Travel Ambassador be reserved for state directors, district field directors and chapter officers of the N.C.H.A. Designation tags and informative material would be automatically passed on to the new or incoming officers.

How do you get a "Travel Ambassador" tag for your license plate? "You must earn it," according to Brunjes.

This is something that can't be passed out, as a status symbol. There is no politics or patronage employed in assigning

tags. It will be given only to men who turn the tag by working in the field, spreading the Illinois tourism story while on the road, because they love it.

He will be able to direct a fellow camper to some particular cooperating agency in the town in question.

There are campers today des-

perately in need of such information as they pass through unfamiliar territory. Similarly, many campers urgently require equipment repairs and don't know where to get them. The Travel Ambassador won't be a cure-all for all of the troubles, but get enough of them on the road, and their knowledge will alleviate much of the guesswork now found in camping, day to day.

This is the idea behind Brunjes' idea of the free information kit and the license sticker.

Approved by the Region 8 Tourism Council of Illinois, Brunjes' Travel Ambassador program is fast being accepted by campers and tourists alike. Once the plan of the license-tag identification and the racks of literature set up at campsites gets national impetus, it will be a tremendous aid to all people on the road.

Special Designation
For practical reasons, it is suggested that the designation of Illinois Travel Ambassador be reserved for state directors, district field directors and chapter officers of the N.C.H.A. Designation tags and informative material would be automatically passed on to the new or incoming officers.

How do you get a "Travel Ambassador" tag for your license plate? "You must earn it," according to Brunjes.

This is something that can't be passed out, as a status symbol. There is no politics or patronage employed in assigning

tags. It will be given only to men who turn the tag by working in the field, spreading the Illinois tourism story while on the road, because they love it.

This is a suggested program for enhancing the prestige of N.C.H.A., chapters through the medium of providing a valuable and much-needed service to the American camping public. Needed as well are regional centers where up-to-date information can be had on local camps, roads, trails, game laws, etc.

The camper with the "Ambassador" tag of literature at his campsite will have this information to give gratis to his fellow camper. A second regional spot, say a cooperating auto service station or garage on the highway.

Today, there is no directory or other tangible indication that an N.C.H.A. chapter exists in any given area. The Travel Ambassador, will of course be familiar with chapters, campsites, public and private facilities within a reasonable radius of his home. He will be able to direct a fellow camper to some particular cooperating agency in the town in question.

perately in need of such information as they pass through unfamiliar territory. Similarly, many campers urgently require equipment repairs and don't know where to get them. The Travel Ambassador won't be a cure-all for all of the troubles, but get enough of them on the road, and their knowledge will alleviate much of the guesswork now found in camping, day to day.

Witnesses to Attend 3-Day Meet in Sparta

A delegation of Jehovah's Witnesses from the Granite City congregation will attend a three-day assembly in Sparta beginning Friday evening.

Angelo Scaglione, 1836 Joy avenue, president minister of the Granite City congregation reports that since most of the members will be in attendance at the assembly, all five of the regular meetings of the local congregation will be cancelled for this week only.

Theme of the three-day meeting is "Become Spiritual Men With Everlasting Life in View."

On the Friday evening program, Conrad G. Klapestein, a traveling minister and circuit supervisor, will speak on "A Sound Spiritual Heritage for Youth," followed by a film entitled "Heritage."

Home notes

By Mrs. Catherine R. Mauck
Madison County Home Adviser

Don't Take Fabric Finish for Granted

Since most fabric finishes cannot be seen or felt, shoppers often take them for granted.

Many finishes, such as bleaching, are part of normal fabric production. However, some finishes change the natural characteristics of a fabric or the fiber from which it is made.

Cotton fabric normally absorbs water quickly. When such garments as raincoats are manufactured from cotton, they frequently receive a water-repellent finish. To be certain of such treatment, check labels when shopping.

Many persons assume that water-repellent and waterproof finishes are the same. But there is a difference. When fabric is treated with a water repellent, it resists absorption. Water forms beads on the surface as it accumulates. But water cannot pass through fabric that has been waterproofed unless a hole has been created. Plastics and coated fabrics fit into this category.

In describing the differences between the two processes, remember that air can pass through water-repellent fabrics, but it cannot pass through waterproof ones. You may get wet in heavy or prolonged rain when wearing a water-repellent garment. But you may also be wet from unevaporated perspiration when wearing a waterproof garment. When air cannot pass through a fabric, neither can water vapor and perspiration collect.

Today manufacturers seldom describe finishes as permanent. Very few finishes exist that are truly permanent or that are as

efficient at the end of the life of the fabric as when the fabric was new. Durable is a more accurate word to describe many finishes that remain functional through a number of washings or dry cleanings. Many water repellents are of this type.

Some water repellents are renewable. Although dry cleaning or washing will remove the finish, a dry clean can reapply it. To be effective, water-repellent fabrics must be clean. However, detergents left on fabrics reduce the effectiveness of the finish, and thorough rinsing after laundering is essential. Water repellents resist water-borne stains as well as water. This group of stains includes fruit juices, soft drinks, coffee, tea and other liquids containing oil. Special finishes have been developed to resist oil-borne stains.

Make Reading Fun

Reading can and should be a pleasant experience for every child.

When you choose a book for your child, choose it especially for him, not for just any child, suggests Queenie Mills, director of the child development laboratory, University of Illinois Department of Home Economics. Keep in mind his interests, his intelligence and his experience.

As you examine the book, look carefully at the quality of the writing. Avoid a book that contains careless English or one that is written down to the child. Remember that he will often pick up the things he hears you read to him.

Select books that use simple, clear language that he will understand, but language that lifts the story out of the ordinary.
